SECTION 1: AIMS AND OBJECTIVES OF THE POLICY

1.0 Introduction

1.1 Mid Sussex District Council's (the Council) statement of main purpose is:

'Working together for a Better Mid Sussex'

The Council's Environmental Health Service has an essential role to play in achieving this aim, as its Licensing services seek to secure healthier and safer places for people to work and live. The Environmental Health Service's key objective is to:

'Proactively promote and enforce good environmental health, housing and licensing standards, in order to maximise the quality of life for those living in, working in, and visiting Mid Sussex.'

The Council has a responsibility for licensing hackney carriages and private hire vehicles, drivers, and operators within the District. The Hackney Carriage and Private Hire trade are vital when other means of public transport are not available, such as in the more rural areas of the District.

1.2 Purpose of the Policy

The Policy covers the licensing of:

- Hackney carriage vehicles (sometimes known as "taxis" in legislation) which are able to wait at ranks and pick up people in the street (ply for hire).
- Private hire vehicles, which can only be booked through an operating centre (pre- booked only) and who otherwise are not insured for their passengers.

1.3 Aims of the Policy

The Council's aim in licensing is to protect the public and to ensure the public have reasonable access to hackney carriage and private hire services. The main purpose is to prevent licences being given to or used by unsuitable people, taking into account their driving record, their mental and physical fitness to drive and their honesty, and to ensure that they are people who would not take advantage of their position as drivers to abuse or assault the public who use their vehicles.

The Council's powers are used to ensure that hackney carriage and private hire vehicles that operate within the District are safe and operate in compliance with National and European legislation.

This policy has taken into account the Guidance document provided by the Department of Transport – Taxi and Private Hire Vehicle Licensing: Best Practice Guidance November 2023, together with the Statutory Taxi and Private Hire Vehicle Standards issued in July 2020.

The Council recognises its duty with regards to Safeguarding and procedures are in place to ensure licences are only issued to fit and proper drivers.

1.4 Powers and Duties

This Statement of Licensing Policy has been produced pursuant to powers conferred by the Local Government (Miscellaneous Provisions) Act 1976 as amended, which places a duty on the Council to carry out its licensing functions in respect of hackney carriage and private hire vehicles.

1.5 Objectives

The Council seeks to promote the following objectives:

- The protection of public health and safety;
- The establishment of a professional hackney carriage and private hire trade;
- Access to an efficient and effective public transport service; and
- The protection of the environment.

Through the licensing process the Council aims to regulate the hackney carriage and private hire trade in order to promote these objectives.

The Licensing Committee have stated their commitment to the aim and ambition that the Mid Sussex licensed fleet should move to non-fossil fuelled vehicles by 2030. The Council undertakes to work with the trade and other partners to achieve this goal in seeking measures to support the trade in this implementation. This is not currently a change of policy, and any change of policy would be the subject of a full public consultation prior to the consideration of any implementation.

1.6 Status of the Policy

In exercising its discretion in carrying out its regulatory functions, the Council will have regard to this policy document and the objectives set out in 1.5 above.

Notwithstanding this policy and any other relevant Council policy, each licensing application or enforcement measure will be considered on its own merits. When it is necessary for the Council to depart from this policy, reasons will be given.

SECTION 2: CONSULTATION

2.0 We have consulted with the following Statutory Bodies, companies and groups. All their comments have been considered in finalising the Policy:

- *Local Authorities that border Mid Sussex District Council*
- *West Sussex County Council*
- *The Members of the Council*
- *The hackney carriage and private hire trade licensed by the Council*
- *Parish and Town Councils*
- *Sussex Police*
- *The Members of Parliament for the District*
- *Social Services Child Protection Office*
- *DVSA (Driver and Vehicle Standards Agency)*
- *Local Bus and Rail operators*
- *Organisations representing local businesses*
- *Members of the public via the Council's web site, the local libraries and help points*
- *Age UK*

- *Women's Institute*
- *Fawcett Society*
- *Local disability groups*

SECTION 3: IMPLEMENTATION

- 3.0** This Policy will come into force on 2 January 2025 and remain in force for five years unless fundamental changes are required as a result of legislative changes.

SECTION 4: HACKNEY CARRIAGE AND PRIVATE HIRE VEHICLES

4.1 Limitation of Numbers

The Council has removed the limit on the number of Hackney Carriages it licenses. Previously the number was restricted to 154. From 2 January 2025 the Council will issue additional hackney carriage vehicle licences only to vehicles that are wheelchair accessible.

4.2 Intended Use Policy for Hackney Vehicles

The nature of the Licensing Regime is that drivers and vehicles are licensed locally. When vehicles work remotely away from their Licensing District it causes issues regarding ensuring vehicle and driver compliance and can compromise public safety. Each Taxi that works remotely away from the district is one less vehicle for the public of Mid Sussex to be able to use.

A condition has been added to Hackney Vehicle Licences, that on renewal the vehicle proprietor will be asked two questions:

- 1) Do you intend that the hackney carriage will be used to ply for hire within the area of Mid Sussex District Council?
- 2) Do you intend that the hackney carriage will be used entirely or predominantly for private hire outside the area of Mid Sussex District Council?

To obtain a licence, the answer to 1) will be yes and the answer to 2) will be no.

If the vehicle is found to be operating in contravention to these replies, then consideration will be given to revoking the vehicle licence.

4.3 Criminology Checks on Vehicle Proprietors

As with driver licensing, the objective of vehicle licensing is to protect the public, who trust that the vehicles dispatched are above all else safe. It is important therefore that licensing authorities are assured that those granted a vehicle licence also pose no threat to the public and have no links to serious criminal activity. Although vehicle proprietors may not have direct contact with passengers, they are still entrusted to ensure that the vehicles and drivers used to carry passengers are appropriately licensed and so maintain the safety benefits of the licensing regime.

Where vehicle proprietors are not currently licensed drivers, they will be required to provide an annual basic disclosure certificate.

4.4 Specifications and Conditions

The Council has wide discretion over the types of vehicles that they can license as hackney carriage or private hire vehicles.

Written Off Vehicles

There are several categories for vehicles that have been classed as being written off. These range from vehicles that cannot be repaired to vehicles which could potentially be repaired to a roadworthy condition. However, there are difficulties in establishing that any repairs have been completed to a professional standard.

Therefore, the Authority will not license any vehicle that has been classed a 'write off' in any category.

Appendices 2, 3 and 4 set out the minimum standards which will apply in respect of all licensed vehicles.

Livery

The Council requires that all licensed Hackney Carriage vehicles be the colour white and marked with the Mid Sussex District Council logo, and that, to distinguish them from private hire vehicles, the latter cannot be white.

The purpose of this measure is to help protect the public to distinguish between the two types of vehicles. If a member of the public inadvertently uses a private hire vehicle that has not been pre-booked the vehicle is not insured.

The distinction assists the Council in its role of enforcing licence conditions and identifying out of area licensed hackney vehicles operating in our district, an issue that the Hackney Carriage trade has often raised.

The Council requires Private Hire Vehicles to display signs with the Mid Sussex Logo, their licence number, and the words "Private Hire Vehicle, Advanced Booking Only".

Vehicle age restrictions

The Council will not license any vehicle over 10 years of age from the date of initial DVLA registration.

Whilst it is recognised that all licensed vehicles require regular maintenance it is accepted that the older a vehicle the more wear and tear it will have, and the frequency of maintenance needs to be increased. It is also recognised that newer cars have improved safety features. Restricting the licensable age allows for a more modern fleet with greater safety features and reduces the likelihood of badly maintained vehicles.

4.5 Vehicle Testing

All new vehicles and vehicles with up to 10,000 miles on the odometer will be presented to the Licensing Officer by prior appointment for examination.

All vehicles with more than 10,000 miles on the odometer and which are up to three years of age from the date of first registration will be subject to an annual vehicle fitness test.

All vehicles aged from 3 years will be subject to two fitness tests a year (at 6 monthly intervals).

The test must take place at a testing station approved by the Council. These requirements are in addition to a MOT which we require for all licensed vehicles over 12 months old.

These tests are required to ensure that any vehicles licensed to carry members of the public are safe and comfortable.

4.6 Transfer of Vehicle Licences

A proprietor of a licensed hackney carriage or private hire vehicle may transfer their interest in the vehicle to another person. Under Section 49 of the Local Government (Miscellaneous Provisions) Act 1976, they must ensure that the Council is notified of the new proprietor's name and address within 14 days. The application to transfer ownership will also provide the V5 with the new owner's details shown as the registered keeper.

Whilst there can be joint proprietary interest in a vehicle licence, vehicle proprietors should be aware that the vehicle 'plate' always belongs to the Council. The licence is not the property of an individual and so the licence cannot be transferred separately from the vehicle. Therefore, it must be transferred immediately to the new owner of the vehicle. However, if the MSDC Licensing Service is not fully satisfied with all aspects of the transfer, including DVLA checks or a failure to comply with any other aspect required in the MSDC Hackney Carriage and Private Hire (Taxi) Licensing Policy, the 'plate' transfer may be suspended, withheld, or cancelled.

4.7 Signage and Advertising

To help identify vehicles that are licensed by the Council both hackney carriage and private hire vehicles are required to display a plate at the rear of the vehicle and in the windscreen.

All Private Hire Vehicles must carry signage on the side of the vehicle, to a design approved by the Council, to indicate that they must be pre-booked. The signage may be magnetic or a transfer. The purpose is to clearly distinguish private hire vehicles to prevent a customer inadvertently travelling in a vehicle which has not been pre-booked, and which is not insured to carry them.

All signage must comply with conditions specified in Appendices 2 and 3.

4.8 Exemption from display of private hire plate

There are exemptions from carrying or displaying a licence plate if a vehicle is used exclusively for a wedding ceremony or funeral.

Plate exemption is for vehicles providing a discreet service to corporate and VIP clients. Where vehicles are also undertaking normal private hire work or engaging in a school contract then they will display both the internal and external plate, display the required door signs and the driver will wear their driver badge.

The display of the external identification plate on a licensed vehicle and a driver's badge is important in terms of public safety and reassurance. They indicate to the travelling public that prior to being licensed both the vehicle and the driver have been

subjected to checks to ensure their (the public's) safety. The visible licence number of the vehicle and driver affords members of the public and other persons such as the Police traceability via the local licensing authority. The plate exemption must be applied for on an annual basis on the anniversary of the renewal of the vehicle licence. Operators/drivers should not automatically assume that when licensing a new vehicle to replace an existing plate exempted vehicle or renewing an existing plate that the plate exemption will continue.

The application for Plate Exemption must be made in writing and a certificate of exemption may be granted before the plate may be removed from the rear of the vehicle. The plate must be carried in the vehicle at all times along with the exemption certificate. All other signs must be removed in these circumstances. The driver's identity badge must be carried in the vehicle and produced on demand.

If the plate exemption is found to being misused, then consideration will be given to the exemption for that vehicle being removed.

4.9 Use of CCTV

Following the publication of the Statutory Taxi and Private Hire Vehicle Standards, CCTV systems are to be installed in all licensed Hackney Carriage and Private Hire vehicles (other than Private Hire Vehicles issued with a plate exemption for executive and VIP work and are used solely for this purpose).

The system must be approved by the Authority and be capable when required of audio recording under certain circumstances. The Authority is the Data Controller and has published a Data Impact Statement and guidance to drivers.

4.10 Licensed Vehicle Emissions

There is a drive towards reducing vehicle emissions and although the licensed trade only forms a small proportion of the current vehicle traffic, they do travel a large number of miles each year.

The aim of Euro emissions standards is to reduce the levels of harmful exhaust emissions, chiefly:

- Nitrogen oxides (NO_x)
- Carbon monoxide (CO)
- Hydrocarbons (HC)
- Particulate matter (PM)

These standards are having a positive effect, with the SMMT (Society of Motor Manufacturers and Traders), claiming: "It would take 50 new cars today to produce the same amount of pollutant emissions as one vehicle built in the 1970s."

Because petrol and diesel engines produce different types of emissions, they are subject to different standards. Diesel, for example, produces more particulate matter – or soot – leading to the introduction of diesel particulate filters (DPFs). The EU has noted, however, that NO_x emissions from road transport "have not been reduced as much as expected ... because emissions in 'real-world' driving conditions are often higher than those measured during the approval test (in particular for diesel vehicles)."

The current Euro Standard for diesel vehicle emissions is Euro 6.

All newly licensed diesel vehicles must be compliant with Euro 6 emissions standard and petrol vehicles with the Euro 4 standard. No new licences will be issued or transferred to vehicles which do not comply with this standard.

4.11 Grant and Renewal of Licences

All hackney carriage driver licences and private hire driver licences will be granted for 36 months from the date of issue. In cases where the licence holder is working under visa conditions attached to their passport the licence will only cover up to the expiry date on the visa. For first time applicants they will have the option to be licensed for one year or three years. This option is to allow new drivers a chance to decide whether the job is suitable for them.

Existing licenced drivers may be granted a one-year licence when the licensing authority thinks that it is appropriate in the specific circumstances of the request, for example drivers subject to yearly medicals due to their age.

It is the responsibility of the existing driver to ensure their licence is renewed. Application forms, appropriate fees and supporting documentation must be submitted at least 14 days prior to the expiry of the previous licence.

4.12 Stretched Limousines

The Authority is sometimes asked to license small (those constructed or adapted to carry fewer than nine passengers) limousines as private hire vehicles. These vehicles may be used for transport to 'school proms' as well as for adult bookings. They are not currently licensed and as such may create an unacceptable risk to the travelling public, as it may lead to higher levels of unsupervised operation.

Stretch Limousines or similar vehicles which can carry less than 9 passengers used for transport to school proms or for adult bookings will be required to be licensed by the Authority. The driver and operator must hold the relevant private hire licences.

4.13 Acceptance Electronic Payments

By 1 March 2025, all licensed Hackney Carriage vehicles must have available at all times an electronic device that allows contactless or card payments to be made. The driver must ask the passenger if they require a receipt. If the passenger requires a receipt, the driver must provide one which accurately states the time and date of the journey, driver number and fare.

By 1 March 2025, all licensed Private Hire vehicles must ensure at all times they can provide a means for passengers to pay for fares by card or as a contactless payment. This can be, but is not limited to, electronic card payment devices or operator websites and apps.

All payment devices must:

- a) comply with the requirements of the current UK banking industry standards as stipulated by the Financial Conduct Authority (FCA).
- b) be checked regularly and maintained to operational standards, including repairs after any damage. Any damage preventing the device from functioning must be

repaired within 7 days. If the device cannot be repaired, it must be replaced in 7 days. Failure to do so will lead to the vehicle licence being suspended, until a functional device is able to be in use.

c) meet all requirements and standards as stipulated by the card scheme companies in terms of connections to a host such as GPRS, 3G, 4G, Bluetooth or other connection methods to complete payment transactions.

d) provide the functionality to protect the confidentiality of critical data (in particular PINs) whilst the card transaction is being processed.

e) payments through apps are permitted, if a passenger has access to the app via their own phone or device. Drivers must not enter card details into their own phone or device to process a payment.

Licence holders are reminded they are legally obliged to comply with the requirements of data protection legislation in respect of all transaction processes, data management and storage. This includes the UK General Data Protection Regulations (GDPR), the Data Protection Act 2018 and any subsequent data protection legislation. You can find out more about your obligations from the Information Commissioner's Office (ICO). This is relevant when handling personal information such as names, addresses, email addresses and telephone numbers. All such processing must comply with the requirements of data protection legislation. Breaches of data protection legislation may impact on the ability to hold a licence with the Council.

SECTION 5: DRIVERS

5.1 Parallel Procedures

The statutory and practical criteria and qualifications for a private hire driver are in most respects identical to those for a hackney carriage driver. The following sections will therefore apply equally to both private hire and hackney carriage drivers. Appendices 5 and 6 specify the conditions.

5.2 Dual Licences

The Council will issue separate licences for private hire and hackney carriage drivers. The driver is required to complete both application forms.

5.3 Age and Experience

A licence to drive a hackney carriage or private hire vehicle will not be granted to a person who is under 18 years of age and has not held a full driving DVLA licence for a period of 12 months or longer.

5.4 Driver Test

Hackney carriage and private hire drivers need to have a good working knowledge of the district.

The Council expects persons applying to become hackney carriage and private hire drivers to be a 'fit and proper person.' This will include the ability to provide a quality

service to the public. In order to maintain standards, the Council will take steps to determine applicants' fitness. The applicants will be required to undertake the following tests to demonstrate their knowledge of:

- Knowing the local area
- The Hackney Carriage and Private Hire Licensing Law
- Road Traffic Legislation

Where an applicant takes the Council's knowledge test, any attempt at cheating in that test is likely to result in their application being refused. Cheating in this context may include, but is not limited to, copying another applicant's answers, disruptive behaviour during the test, utilising any non-permitted papers or devices, or otherwise trying to gain an unfair or improper advantage.

5.5 Driving Proficiency

All new drivers must complete successfully a taxi driving assessment to an equivalent standard which was previously required by the Driving Standards Agency (DSA).

An additional assessment is required for drivers of wheelchair accessible vehicles. These assessments show that their driving skills are at a nationally acceptable level.

There are several companies and private individuals authorised to conduct Taxi Driver assessments. To establish consistency for all applicants, the Council will only accept assessments to a standard set by the DSA and conducted by assessors who are DSA authorised.

The Council reserve the right to make such enquiries as necessary to satisfy themselves about the competence of the examiner and the standard of the test conducted.

Therefore, applicants will be required to provide details of their test to the Council.

5.6 Medical Examination

A medical examination by a GP or another Doctor at the practice where the applicant is registered is required to assess an applicant's fitness to drive a licensed vehicle before a licence may be granted. A DVLA Group 2 standard of medical fitness for professional drivers is required.

The form requesting a medical examination for presentation to the GP is within the application pack. The applicant will be responsible for paying the fee for the examination to the relevant GP surgery. On completion of the medical examination, a confidential report will be submitted to the Licensing Office. Existing licence holders over the age of 45 will be required to produce a medical certificate every 5 years. Existing drivers over 65 must be examined annually.

Where the driver's GP or another Doctor at their practice are unable or do not undertake private medical examinations, the driver must contact the Licensing Team to confirm suitable alternative provision.

Applicants and licence holders must notify the Council as soon as it is practicable of any deterioration in their health that may affect their ability to drive a licensed vehicle and/or their suitability to be a licensed driver. The Council will take a serious view of any licence holder continuing to drive if that driver is aware of, or as a licensed driver

should be aware of, any health problems that could endanger the lives of their passengers.

Where the Council is not satisfied as to the medical fitness of an applicant, it will require the applicant to undergo and pay for a further medical examination, at an appropriate medical facility. This will be conducted by either the applicants GP or other qualified medical practitioner with access to the applicant's full medical records to certify in writing that the applicant meets the relevant standard to act as a licensed driver. Where there remains any doubt about the fitness of any applicant or licence holder the Council will review the medical evidence and, if necessary, put further questions to the relevant medical practitioner (such costs to be borne by the applicant or licence holder), before making any final decision about the application.

5.7 Disclosure Barring Service (DBS)

As part of the application process all applicants for a driver's licence are required to disclose on the application form all convictions regardless of whether they would be regarded as spent under the Rehabilitation of Offenders Act 1974 as Amended by the Legal Aid, Sentencing and Punishment of Offenders Act 2012.

The failure to disclose a conviction may result in the immediate suspension of the licence pending investigation.

The Council is an approved Disclosure Barring Service (DBS) body; therefore, checks are carried out through the Council and applicants will be charged the appropriate fee for any application for Disclosure.

An Enhanced DBS check of Criminal Convictions will be carried out by the Council every 6 months using the DBS Update Service. All licensed drivers will be required to evidence continuous registration with the DBS update service to enable the licensing authority to routinely check for new information every six months.

Should the check reveal that new information is available the DBS certificate will no longer be relied upon, and a new DBS certificate will be requested. The Council can also request another disclosure at any time if a further check is considered necessary. The requirement to subscribe to the Update service will commence with the introduction of this policy and as a driver renews their DBS, they will be required to show evidence that they have subscribed to the Update service.

The Council will not divulge personal information disclosed by undertaking the DBS checks to any third party. The applicant for a licence will receive a separate disclosure report from the DBS which will be sent to their home address. The Council will not receive a copy of the report.

The Update Service allows the applicant to pay a subscription fee direct to the Disclosure and Barring Service, in return for ongoing monitoring of the official records for information relating to the applicant. Subscribers will be able to give employers and licensing authorities permission to carry out a status check, to verify whether an original DBS certificate remains valid, even if it is several years later.

The applicant must have subscribed within 19 days of the issue of the last certificate. If the subscription lapses, or the driver does not register with the DBS Update service or if the police records show new information since the certificate was issued, we will not be able to obtain a status check, and the applicant will need to apply for a new disclosure certificate.

5.8 Common Law Police Disclosure/Referrals to the Police/DBS

In some circumstances it may be appropriate under the Safeguarding Vulnerable Groups Act 2006 for licensing authorities to make referrals to the DBS/Police. A decision to refuse or revoke a licence as the individual is thought to present a risk of harm to a child or vulnerable adult should be referred to the DBS. The power for the licensing authority to make a referral in this context arises from the undertaking of a safeguarding role.

The Licensing Authority will make a referral to the DBS/Police when it is thought that:

- An individual has harmed or poses a risk of harm to a child or vulnerable adult;
- An individual has satisfied the 'harm test' or received a caution or conviction for a relevant offence; and
- The person they are referring is, has or might in future be working in regulated activity.

If the above conditions are satisfied, the DBS may consider it appropriate for the person to be added to a barred list.

What is the harm test?

A person satisfies the harm test if they may harm a child or vulnerable adult or put them at risk of harm. It is something a person may do to cause harm or pose a risk of harm to a child or vulnerable adult.

5.9 DVLA checks

Since the abolition of the Driving Licence paper counterpart the Licensing Service have been unable to easily check current driving endorsements that may have accrued.

Local Authorities are no longer able to request an extended mandate for an extract of an applicant's driving history. The DVLA does provide a free service to check a driver's current endorsements, adopted by the Council for all new and current drivers so the Licensing Authority can ensure drivers remain 'fit and proper' persons.

Applicants are encouraged to make use of the DVLA's free online Shared Driving Licence Service to enable the Council to check their driving licence record. This service can be found at www.gov.uk/view-driving-licence.

Checks may also be made by the Council, requiring the applicant or licensed driver to provide a shared DVLA driving licence code at other times. This will either be where the Council believes an applicant or licence holder has been convicted of an offence not previously declared, there has been a delay in the application process and the Council wish to ensure they have updated details before determining an application or, as part of periodic compliance checks of licensed drivers.

If an applicant is unable to, or chooses not to, use the free Shared Driving Licence Service, he/she will be required to give written consent to the Council to apply to the DVLA for their driver record. The applicant must pay the reasonable administrative fees of the Council as well as those of the DVLA. Utilising this service will result in delays in the Council processing an application.

Existing licensed drivers required to provide a shared driving licence code upon the request of the Council during the course of a 3-year licence where the Council deem it appropriate to check if a driver has received any endorsements not disclosed to the Council.

5.10 Immigration - Right to Work Check

There is a legal responsibility imposed on the Council by the Immigration Act 2016 to ensure that right to work checks on drivers and operator licence holders are completed.

The Council must comply with the legal requirement not to issue a licence to someone who is disqualified from holding the licence by reason of their immigration status. This duty is discharged by requiring the applicant to submit one of several prescribed documents which show that the applicant has permission to be in the UK and undertake work as an operator or PHV or taxi driver.

All initial applicants for a hackney carriage driver's licence, private hire driver's licence or Operator Licence will be required to demonstrate that they have the right to live and work in the United Kingdom. We will follow the advice given by the UK Border Agency following the implementation of the Immigration Act 2016. Once the check has been completed satisfactorily it will not normally need to be repeated. A licence will not be granted to an applicant who is not entitled to work in the UK. It shall be incumbent upon an applicant to produce official documentation to demonstrate entitlement. This requirement shall apply equally to British, EEA and non-EEA nationals. No assumptions will be made about a person's right to work in the UK or their immigration status based on their nationality, ethnic or national origin, accent, the colour of their skin, or the length of time they have been resident in the UK.

For those drivers and applicants who have time-limited permission to be in the UK, the check must be repeated at each subsequent application to renew or extend the licence until such time as the applicant demonstrates that they are entitled to remain indefinitely in the UK. A licence will only be granted for the duration of the validity of the Visa or permission.

5.11 Fit and proper – False or misleading information

An applicant may not be considered to be a fit and proper person to hold a licence if there is any evidence that the he/she has been dishonest in making the application or it can be evidenced that they or an existing licence holder has misled, or attempted to mislead, the Council (officers or elected members of the licensing committee) during

any part of the application process or with the administration of the licence throughout its duration.

5.12 Relevance of Convictions and Cautions

Please refer to Appendix 8 for the list of relevant convictions and the criteria for the grounds for refusal to issue or renew a licence. This is also the criteria used by the Council to consider whether or not to suspend or revoke a driver's licence.

In assessing whether an applicant is a fit and proper person to hold a licence, the Council will consider each case on its merits. They will take account of cautions and convictions, but only as far as they are relevant to an application for a licence. Upon receipt of a DBS check, officers acting under delegated powers will assess whether any cautions or convictions are capable of having relevance to the issue of whether or not an applicant is a fit and proper person to hold a licence.

The Council will have regard to the type and age of the offence and the age of the applicant when the offence occurred, when considering their relevance to an application. The Council will also consider the seriousness of a convicted offence as indicated by the penalty or sentence that was imposed.

The Officers may refer applications to the Licensing Sub-Committee where the applicant's records include one or more of the following-

- Drunkenness
- Sexual offences
- Violence

5.13 Application Procedure and Considerations of Applications

Please refer to Appendix 10 for the Taxi Licensing Charter.

The Council will consider each application on its own merits once the required completed application and ancillary documents are received.

5.14 Conditions of Licence

These are set out in Appendices 5 and 6 and are necessary and appropriate for all licensed drivers.

5.15 English Language Proficiency Test

New Applicants

- a. All new applicants for a Hackney or Private Hire Drivers Licence will be required to undergo a proficiency test to demonstrate their ability to communicate effectively in the English Language.
- b. The test will be conducted in a form approved by Mid Sussex District Council.
- c. An outline of the test requirements can be found at Appendix 10.

Current Drivers

- d. Current drivers appearing before the Licensing Committee may be required to take the aforementioned test should the Committee consider that the driver's spoken English is inadequate. Each case will be considered on its merits.

Exemptions

- e. This test will apply to all applicants, including those who may be expected to speak English as a first language by virtue of their country of birth. However, it is proposed to exempt a candidate from any adopted English test requirement if they can demonstrate that they have previously passed a relevant English language qualification at a suitable level, such as:
- a GCSE, GCE O-level or GCE A-level issued by a recognised examining body in the UK (grade C or higher)
 - an NVQ, City & Guilds, or similar vocational qualification (level 2 or higher) issued by a recognised examining body in the UK
 - an equivalent qualification to either of the above, issued by a recognised examining body in an English-speaking country other than the UK
 - a TOEFL, IELTS or ESOL qualification at CEFR level B2 (or equivalent)

5.16 National Register of Taxi Licence Refusals and Revocations.

The licensing authority provides information to the National Register of Taxi Licence Refusals and Revocations (NR3). This allows licensing authorities to share details of individuals who have had a hackney carriage or private hire licence revoked. All applications for a new licence or licence renewal will automatically be checked on NR3. Any information received as a result of an NR3 search will only be used in respect of the specific license application and will not be retained beyond the determination of that application.

5.17 Safeguarding Awareness Training

The taxi and private hire vehicle industry can play an important role in spotting and reporting the abuse, exploitation or neglect of children and vulnerable adults. As with any group of people, it is overwhelmingly the case that those within the industry can be an asset in the detection and prevention of abuse or neglect of children and vulnerable adults. However, this is only the case if they are aware of and alert to the signs of potential abuse and know where to turn to if they suspect that a child or vulnerable adult is at risk of harm or is in immediate danger.

All new applicants, current licensed drivers, and Operators where they are not also licensed as drivers, will attend Safeguarding Awareness training by an approved provider. This training must be undertaken within 12 months of being first licensed or if currently licensed within 12 months of the introduction of this policy. Failure or refusal to attend this training will result in the licence being suspended until the training is satisfactorily completed. Drivers and Operators who have previously already attended this training need not re-attend.

5.18 Mandatory Disability Awareness Training

Private Hire and Hackney Carriage drivers frequently encounter passengers with various disabilities, and it is therefore considered necessary that all drivers are aware of the needs of disabled passengers. Disability awareness training benefits both the customer and driver and the Council should make it a pre-condition for being granted a driver's licence.

The Equality Act 2010 focused on the needs of people with protected characteristics, which includes disabilities. Public bodies, including local authorities, have a lawful duty of regard to eliminate unlawful discrimination, harassment, and victimisation;

advance equality of opportunity between people who share a protected characteristic and those who do not; and foster good relations between people who share a protected characteristic and those who do not.

The Department for Transport's Draft Accessibility Action Plan described refusals of assistance dogs by taxi and PHV drivers as "unacceptable and illegal," noting the serious impact of refusals on people's confidence and ability to live independently. The plan commits the UK Government to publish best practice guidance for licensing authorities, recommending that disability equality training be mandated in their licensing policies.

All new applicants and current licensed drivers are required to undertake recognised Disability Awareness and Equality Act training in relation to disabled and vulnerable passengers as part of their professional development. The Training will be organised by MSDC and delivered through a provider of their choice. This is to ensure that all drivers operate to a consistent standard and can provide a safe and suitable level of transport service to disabled and vulnerable passengers.

Disability awareness training for all new drivers must be undertaken within 12 months from the date of issue of the licence. Existing MSDC licensed drivers that have not previously undergone recognised Disability awareness training must attend a session within 12 months from implementation of this revised policy.

Failure to attend this training during the timescales outlined above will result in the licence being suspended until the training has been successfully attended.

SECTION 6: PRIVATE HIRE OPERATORS

6.1 Requirements

Any person who operates a private hire service (who is not also a hackney carriage proprietor who permits hackney carriages to be used for private hire) must apply to the Council for a private hire operator's licence.

A private hire operator must ensure that licensed private hire vehicles are driven only by licensed private hire drivers.

All new applications will be subject to the following checks:

- A fit and proper person to hold an operator's licence by undertaking a DBS check. In the case of a limited company all directors or persons controlling the company will be DBS checked. In the case of a partnership, all partners will be checked.
- Status of office accommodation e.g. planning permission.

6.2 Conditions

The Council has the power to impose such conditions on an operator's licence as it considers necessary. The conditions are set out in Appendix 7.

6.3 Insurance

The operator is required to produce evidence, upon request by an authorised officer of the Council or a Police Officer, that there is a certificate of motor insurance, which covers every private hire vehicle they operate. The operator is also required to have public liability insurance for their base premises.

6.4 Licence Duration

Under the Deregulation Act 2015, an operator's licence will be issued for the duration of 5 years.

For new Private Hire Operators, they have the option to licence for one or five years. This one-year option allows the operator an opportunity to develop their business. Thereafter on renewal they will be licensed for five years.

It is the licence holder's responsibility to ensure that their operator's licence is renewed.

6.5 Address from which the Operator may operate

Upon the grant of an operator's licence, the Council will specify the address from which the operator may operate. The operator must notify the Council in writing of any changes to their address during the period of the licence, prior to changing the address. A business cannot legally operate from an address not specified on its licence.

6.6 Bases Outside Mid Sussex District Council Area

The Council will not grant a Private Hire Operator Licence for an operator with an operating base that is outside Mid Sussex District Council's area. This is to ensure that proper regulation and enforcement measures may be taken.

6.7 Criminality checks for Private Hire Vehicle Operators

Private Hire Operators, who are not also licensed drivers, are required to provide a basic DBS Disclosure certificate annually.

Additionally, Private Hire Vehicle Drivers are not the only direct contact that private hire vehicle users have with private hire vehicle operators' staff. There is a person taking bookings (be it by phone or in person), the vehicle dispatcher who decides which driver to send to a user. These are positions that could be exploited by those seeking to exploit children and vulnerable adults. It is therefore appropriate that all staff that have contact with private hire vehicle users and the dispatching of vehicles should not present an undue risk to the public or the safeguarding of children and vulnerable adults and the Authority should be satisfied that private hire vehicle operators can demonstrate that all staff that have contact with the public and/or oversee the dispatching of vehicles do not pose a risk to the public.

Operators are required as a condition of granting an operator licence, to keep a register of all staff that will take bookings or dispatch vehicles. Operators are required to evidence that they have had sight of a Basic DBS check on all individuals listed on their register of booking and dispatch staff and to ensure that Basic DBS checks are conducted on any individuals added to the register and that this is compatible with their policy on employing ex-offenders. Operators will have to provide their policy on employing ex-offenders in either of these roles.

6.8 Use of PCV Licensed Drivers

PCV licensed drivers are subject to different checks from taxi and private hire vehicle licensed drivers as the work normally undertaken, i.e. driving a bus, does not present

the same risk to passengers. Members of the public are entitled to expect when making a booking with a private hire vehicle operator that they will receive a private hire vehicle licensed vehicle and driver.

The use of a driver who holds a PCV licence and the use of a public service vehicle (PSV) such as a minibus to undertake a private hire vehicle booking should not be permitted by private hire vehicle operator without the informed consent of the person making the booking.

6.9 Complaints Against Licensees

Complaints about drivers and operators provide a source of intelligence when considering the renewal of a licence or to identify problems during the period of the licence. Patterns of behaviour such as complaints against drivers, even when they do not result in further action in response to an individual complaint, may be indicative of characteristics that raise doubts over the suitability to hold a licence.

Complaints regarding Private hire Drivers are generally made directly to their Operator rather than the Licensing Service.

All Operators are required to keep a record of all complaints received. These records must be made available for inspection by the Licensing Officer on request.

Operators are required to advise the authority when any driver is subject to any complaints regarding safeguarding, dishonesty, abusing customers or more than one complaint which does not fall into these categories in any 12 months.

6.10 Private Hire Operators frequently encounter passengers with various disabilities, and it is therefore considered necessary that all Operators are aware of the needs of disabled passengers. Disability awareness training benefits both the customer and Operator and is a pre-condition for being granted an Operator's licence.

The Equality Act 2010 focused on the needs of people with protected characteristics, which includes disabilities. Public bodies, including local authorities, have a lawful duty of regard to eliminate unlawful discrimination, harassment and victimisation, advance equality of opportunity between people who share a protected characteristic and those who do not, and foster good relations between people who share a protected characteristic and those who do not.

The Department for Transport's Draft Accessibility Action Plan described refusals of assistance dogs by taxi and PHV drivers as "unacceptable and illegal," noting the serious impact of refusals on people's confidence and ability to live independently. The plan commits the UK Government to publish best practice guidance for licensing authorities, recommending that disability equality training be mandated in their licensing policies.

All new Operator applicants, and current Operators, where they are not also licensed as drivers, are required to undertake recognised Disability Awareness and Equality Act training in relation to disabled and vulnerable passengers as part of their professional development. The Training will be organised by MSDC and delivered through a provider of their choice. This is to ensure that they operate to a consistent standard and can provide a safe and suitable level of transport service to disabled and vulnerable passengers.

SECTION 7: DISCIPLINARY AND ENFORCEMENT MEASURES

7.1 Enforcement

The Council's role in the licensing of all drivers, owners and operators of licensed vehicles is to ensure high standards are achieved and this will be done in a consistent and open manner. The standards are defined in legislation, the licence conditions, and codes of practice.

The Council will operate a consistent but firm disciplinary and enforcement regime. The Council believes this is the best way of ensuring it undertakes its role of ensuring public safety. The Council will seek to balance the promotion of public safety with the needs of the taxi trade and the individuals working within it. Therefore, the Council will only intervene where it is necessary and proportionate to do so, having regard to the objectives set out in section 1.5 of this policy.

Where necessary, enforcement action will be taken in accordance with the principles of the Enforcement Concordat and the Council's Enforcement Policy for Environmental Health. To this end the key principles of consistency, transparency and proportionality will be maintained. Mid Sussex District Council's Environmental Health Enforcement Policy can be viewed at www.midsussex.gov.uk

As part of its role to ensure public safety, the Council will, in liaison with the police, DVSA and other relevant agencies, undertake roadside spot-checks of licensed vehicles and their drivers.

To promote the licensing objectives the Licensing Authority will share information with other enforcement agencies such as UK Border agency, DVSA, Inland Revenue, Police, Trading Standards, Customs and Excise and Benefit Agencies. Information will also be shared with internal departments within the Council, such as Parking Services, Revenue and Benefits and Planning Sections.

When undertaking its enforcement role, the Council may liaise with other public bodies such as other Local Authorities and the Police.

7.2 Disciplinary Hearings

Any disciplinary matters that could result in the revocation or suspension of a licence will be referred to the Licensing Sub-Committee, who will decide the appropriate action. In exceptional cases Officers may need to revoke or suspend a licence if a committee cannot be convened at short notice. There is a right of appeal to the Magistrates' Court on all disciplinary decisions made by the Licensing Sub-Committee.

7.3 Scope of Council Powers

The Council may take any of the steps outlined below upon receipt of evidence that an offence or breach of the conditions has been committed in respect of any of the licences it issues:

- prosecution
- revocation of the licence
- suspension of the licence
- add conditions to an existing licence
- issuing of warnings or cautions

7.4 Prosecution

In accordance with the Environmental Health Enforcement Policy the Council may prosecute licence holders in the following circumstances:

- Where the allegation is of a serious nature or is a repeated offence.
- Where the Council proposes to caution the licence holder, but the offence is not admitted, nor a caution accepted.

7.5 Revocation

Where a licence holder has been convicted of a serious criminal offence the Licensing Sub-Committee may revoke or suspend the licence.

7.6 Suspension

a) Vehicles

Hackney carriage vehicles and private hire vehicles must be kept in a safe condition, suitable for the purpose of carrying passengers. Where it is found that a vehicle is not being properly maintained and has defects that may put the public safety at risk then the Council will serve a stop notice on the proprietor of the vehicle. The use of the vehicle will remain prohibited until the defects have been remedied and the vehicle has been inspected by the authorised vehicle fitness centres and has been passed as fit for use as a hackney carriage or private hire vehicle. The testing of the vehicles will be at the proprietor's expense.

b) Drivers

The Council may exercise its discretion to suspend a driver's licence. The decision to suspend a driver's licence can be made under delegated powers in exceptional circumstances when it is believed the offence is serious enough that the public safety concerns outweigh the individual's right to work.

The Councillors at a Licensing Sub-Committee hearing may also exercise their discretion to suspend a driver's licence.

➤ Add Conditions to an Existing Licence.

The Licensing Sub – Committee following a hearing may decide that it is appropriate to add to a driver's licence further conditions to their existing licence.

➤ Issuing of Warnings and Cautions

This is a method of addressing less serious offences. The Council will issue warnings and cautions as are appropriate based on all the circumstances.

Cautions may be issued in the following circumstances:

- There is sufficient evidence to justify a prosecution.
- The licence holder admits their guilt.
- The licence holder agrees to be cautioned.

Warnings will be issued by an officer acting under delegated powers or as requested by the Licensing Sub-Committee.

7.7 The Council have introduced a Penalty Points Scheme for drivers and operators.

The aim of the penalty point scheme is to work in conjunction with other enforcement options. It provides a formalised stepped enforcement plan. The purpose of the scheme is to record misdemeanours and to act as a record of driver's behaviour and conduct to ascertain whether they are a fit and proper person. It does not prejudice the Council's ability to take other actions.

The primary objective of the penalty points scheme is to improve the levels of compliance and help improve the standards, safety, and protection of the travelling public.

7.8 Mid Sussex District Council have approved the implementation of a Taxi and Private Hire Driver Code of Conduct. The Code of Conduct is designed to remind all drivers of their responsibilities whilst operating as a licensed driver and to ensure a professional level of service is provided to the travelling public.

Any breaches of the Code of Conduct can be dealt with under the penalty point scheme. Breaches of the code would attract 4 penalty points.

It does not prejudice the Council's ability to take other actions.

The primary objective is to help improve the standards, safety, and protection of the travelling public.

SECTION 8: DELEGATED POWERS

8.1 Licensing Committee

The Licensing Committee is responsible for the management of the licensing regime in the district under the Local Government (Miscellaneous Provisions) Act 1976.

The Licensing Sub-Committee will hear all applications and disciplinary matters referred to it by the Licensing Team.

The Council's Assistant Director for Communities has delegated responsibility, as far as it relates to hackney carriage or private hire, in respect of the licensing and registration functions of the Council listed in Schedule 1 of the Local Authorities (Functions and Responsibilities) (England) Regulations 2000 (as amended) for:

- Deciding applications for authorisations, dispensations, exemptions, licences, or certificates of approval.
- Serving notices and taking consequential action.
- Issuing simple cautions.
- Instructing the Council's Legal Services to commence legal proceedings.
- Authorising officers to exercise statutory functions (including powers of entry and obtaining warrants).
- Granting, suspending, refusing, or revoking licences.
- Instigating prosecution wherever appropriate.

SECTION 9: FARES

9.1 Prescribed Rates (only applies to Hackney Carriage)

A hackney carriage driver must not charge more than the fare rate prescribed by the Council. However, there are no provisions within the legislation or this policy, which prevent the driver of a hackney carriage or private hire vehicle from charging less than the fare shown on the meter. In addition to the normal fare, a fuel surcharge rate may be agreed by the Council to enable drivers to charge more when fuel prices exceed a given level.

9.2 Table of Fares (only applies to Hackney Carriage)

A table showing the correct prescribed fares must be displayed in each vehicle so that all hirers are able to see it.

9.3 Review of the Prescribed Fares (only applies to Hackney Carriage)

Fare rates will be reviewed by the Council if requested by the Mid Sussex Hackney Carriage Association.

9.4 Receipts

If requested by a passenger, a driver must provide them with a written receipt for the fare paid.

SECTION 10: OUR COMMITMENT TO EQUALITY

10.1 The Equalities Act 2010 places a legal obligation on public authorities to have due regard to the need to eliminate unlawful discrimination and to promote equality of opportunity and good relations between persons based on race, gender, disability, age, sexuality (lesbian, gay, bisexual), transgender, pregnancy, religion, or belief.

10.2 The Council is committed to ensuring that it is delivering services in a non-discriminating way and that equality is at the heart of service provision throughout the Authority. The Council recognises that discrimination and exclusion can occur for many reasons including but not confined to race, language, age, gender, disability, and poverty and is fully committed to overcoming such exclusion and discrimination.

10.3 In carrying out its duties the Council will have due regard for the need:

- To eliminate unlawful discrimination.
- To promote equality of opportunity and good relations between people, including those in the groups protected by the Equality Act 2010 and listed in 10.1.

10.4 This policy has been subject to an equality impact assessment. In formulating this policy, we have had regard to the need to provide for disabled people and to protect vulnerable groups. To that end 20% of hackney carriage vehicles are currently wheelchair accessible. The conditions relating to licensed vehicles, operators and drivers are intended to protect all passengers, and especially those who are most vulnerable.

10.5 Assistance Dogs

All licensed drivers are under a legal duty to carry guide, hearing, and any other assistance dogs in their vehicles without any additional charge to the passenger. A licensed driver may only refuse to do so where they have a medical exemption. A medical exemption may only be granted by the licensing authority where the licensed driver has provided detailed medical evidence that shows a medical condition will be aggravated by exposure to dogs. If the medical exemption is granted, the licensed driver will be issued with an exemption certificate and a notice of exemption. The notice must be displayed in the vehicle by fixing it in a prominent position facing outwards on the dashboard.

19. Private hire vehicles must not display a roof sign.
20. Vehicles must carry signage on the side of the vehicle to a design agreed with the Council to indicate that they must be pre-booked.
21. The company name and telephone number may be displayed in the rear windscreen in letters and figures not exceeding 5cm in height. Such letters and figures shall not be illuminated. The words taxi, cab or hire must not appear even if it forms part of the company name.
22. The company or trading name and telephone number may be displayed on the external surface of the two front doors:

- (a) The words “advance booking only” must be included in lettering no less than 5cms in height in close proximity to any other wording.
- (b) The company name or trade name and/or telephone number in lettering no greater than 16cm in height.
- (c) All wording must be printed in the same font style and same degree of boldness and in a contrasting colour to the background. The words taxi, cab or hire must not appear on the sign even if it forms part of the company name.

When advertisements other than those mentioned as above are displayed on the vehicle then:

- (a) Those advertisements shall be of a permanent nature and
- (b) Before the advertisements can be displayed on the vehicle prior approval must be sought from the authorised Officer.
- (c) There shall be displayed the words “Private Hire Vehicle” on the surface of the vehicle in letters no less than 5cm in height and not exceeding 16cm in height. This shall be by prior approval by the authorised Officer.

23 No other advertisement saves as mentioned in conditions 21 or 22 above may be displayed on the vehicle.

24 Where a vehicle displays any sign permitted by these conditions there shall be displayed in the vehicle, in a position where it may be read by passengers, a notice bearing the following wording:

WARNING – YOU MUST HAVE PRE-BOOKED THIS VEHICLE. IT IS AN OFFENCE FOR THE DRIVER TO PICK UP PASSENGERS WITHOUT A PRE-BOOKING HAVING BEEN MADE. IN THE EVENT OF A COMPLAINT PLEASE CONTACT: - HACKNEY CARRIAGE/PRIVATE HIRE LICENSING OFFICER, MID SUSSEX DISTRICT COUNCIL TEL 01444 477335

25. A vehicle will not be deemed suitable for licensing as a private hire vehicle unless:

- (a) It has at least four doors of which three are readily accessible by the passengers.
- (b) It is capable of comfortably seating its passengers in addition to the driver and for that purpose: -
the rear seat of the vehicle shall measure at least 122cm (48”) (to allow 16” per person) at its widest part and the headroom from the centre of the back seat to the roof lining shall measure at least 86cm (34”); and
- (c) Provision is made for the carriage of luggage that is commensurate with the number of persons that the vehicle is conveying.
- (d) It is fitted with a seat belt for each passenger seat to conform to the current British Standards.
- (e) The steering wheel is located on the right side of the vehicle (offside).
- (f) The engine capacity shall not be less than 1290cc. The Council will licence electric, hybrid or similar vehicles providing they are of such design as to be able to undertake a full range of journeys, whilst carrying the maximum licensed number of passengers and associated luggage
- (g) On reaching the first anniversary of the date of first registration (as shown on DVLA V5 Registration Document) the vehicle becomes subject to annual MOT testing.

26. The proprietor shall ensure that no material alteration or change in the specification, design, condition, appearance, or use of the vehicle is made without the approval of the Council at any time whilst the licence is in force.

27. The vehicle and all its fittings and equipment must at all times when the vehicle is in use or available for hire be kept in a safe, tidy, and clean condition, maintained in satisfactory mechanical order, body condition and overall appearance, and must

comply with all relevant statutory requirements. In particular the exterior of the vehicle shall: -

- be free from dents and damage to body parts and trim;
 - be free of areas of rust and/or damaged paintwork;
 - have all factory fitted bumpers and body mouldings in place and be in good order and repair; and
- the interior of the vehicle shall: -
- be free from stains, tears, cuts, and/or cigarette burns;
 - have all door and window mechanisms in good working order and the boot and luggage space must be kept clear for use by the passengers with certain exemptions (e.g. spare wheel and jack).

28. A vehicle must not carry any child below the age of twelve years in the front of the vehicle other than in accordance with the Road Traffic Act 1988 and subsequent regulations.
29. All new vehicles and vehicles with up to 10000 miles on the odometer will be presented to the Licensing Officer by prior appointment for examination.

All vehicles with more than 10000 miles on the odometer and which are up to three years of age from date of first registration will be subject to an annual fitness test.

All vehicles aged from 3 years will be subject to two fitness tests a year (at 6 monthly intervals).

The test must take place at a testing station approved by the Council. These requirements are in addition to a MOT which we require for all licensed vehicles over 12 months old. These tests are required to ensure that any vehicles licensed to carry members of the public are safe and comfortable

- 30 A copy of the current insurance certificate or cover note must be carried in the vehicle at all times. The certificate or cover note must state the names of all drivers entitled to drive the vehicle. Should proof of insurance cover not be available or the driver at the time is not shown on the insurance document then the vehicle licence will be immediately suspended.
- 31 CCTV systems are to be installed in all licensed Hackney Carriage and Private Hire vehicles (other than Private Hire Vehicles issued with a plate exemption for executive and VIP work and are used solely for this purpose). The system must be approved by the Authority and be capable when required of audio recording. The Authority will become the Data Controller and will publish a Data Impact Statement and guidance to drivers.
- 32 Where a taxi meter is fitted to the vehicle the taximeter and all the fittings shall be fitted to the carriage with seals or other appliances so that it is not practicable for any person to tamper with them except by breaking, damaging, or permanently displacing the seals or other appliances. The meter shall be an approved calendar meter and be sealed and calibrated by a company authorised by the Council.
- 33 A tariff card showing the current rates of fare must be displayed inside the vehicle in such a position that it can be read by fare paying passengers.

34. Where the licensed vehicle is a wheelchair accessible vehicle that is fitted with a lift, that lift must be thoroughly examined every six months and a certificate as to its fitness be produced.
35. Where a vehicle is to be powered by LPG (Liquefied Petroleum Gas), before the vehicle is fitted with an LPG Tank, the vehicle must be inspected by the Council's licensing officer, to establish that the position of the tank will not reduce the luggage capacity of the vehicle. All work to a licensed vehicle must be carried out by a qualified LPG Association approved installer, who must hold a valid certificate as an LPG Approved Installer. Proof of registration on the www.drivelpg.co.uk website must be produced by the vehicle proprietor to the Council once an installation is complete.
36. Licensed vehicles may be fitted with Dark tinted Windows (Manufacturers standard fit) All vehicles are to comply with the Road Vehicle (Construction and Use) Regulations 1986 Regulation 32 (10).
37. No licensed vehicle may tow any trailer unless evidence of valid insurance to cover such use for hire and reward has been produced to the Licensing Authority. The vehicle licence plate giving the licence number must be clearly displayed on the rear of any trailer used, this sign being in addition to that on the rear of the vehicle. The contents of such trailer must be secured and covered in a proper manner so as to be watertight. Any trailer used must comply with regulations in all aspects and where required the driver must hold the appropriate towing licence as issued by the Driving Standards Agency.
38. No Vehicle will be granted a licence if it is already licensed in another district.
39. Vaping will not be allowed in the vehicle under any circumstances.
40. All licensed Private Hire vehicles must ensure at all times they can provide a means for passengers to pay for fares by card or as a contactless payment. This can be, but is not limited to, electronic card payment devices or operator websites and apps.

MID SUSSEX DISTRICT COUNCIL

Conditions relating to the issue of a Hackney Carriage Vehicle Licence

NOTE: - These conditions are to be read in conjunction with the Town Police Clauses Act 1847, the Local Government (Miscellaneous Provisions) Act 1976, the Transport Act 1985, the current byelaws in force within the district and any other relevant legislation.

All Hackney Carriages shall be right hand drive vehicles.

From 1 October 2017 Hackney Carriages of 10 years of age or over may not be licensed.

From 1 October 2022 they shall be white in colour and rear door panels must display the MSDC logo, with the words “licensed Taxi” and licence number.

From 1 October 2023 all newly licensed diesel vehicles must be compliant with Euro 6 emissions standard and petrol vehicles with the Euro 4 standard.

1. Any seats or seating over and above the number for which the vehicle is licensed shall be removed before the vehicle is used to carry passengers for hire or reward.
2. All hackney carriages (other than a London type taxi) shall be fitted with an illuminated roof sign showing the word TAXI in letters approximately 50mm - 150 mm high. The company name and telephone number may also be shown. The sign should be displayed transversely on or above the roof of the vehicle. The roof sign shall be wired to the taximeter to enable it to be extinguished during the carrying of a fare for which the meter is in operation.

Company or trading name and telephone number may be displayed on the external surface of the two rear doors. The letters may not exceed 16cm in height.

3. The proprietor must fit the external plate supplied by the Council in a prominent position below the rear window on the rear exterior surface of the vehicle. The plate is to be kept clean and legible at all times.
4. The proprietor must fit the internal plate supplied by the Council inside the front windscreen in a prominent position so that it is clearly visible to passengers being carried.
5. The proprietor must ensure that any person driving the vehicle to which this licence relates is the holder of a current hackney drivers licence issued by Mid Sussex District Council.
6. The proprietor must ensure that any person employed by him/her or permitted by him/her to use the vehicle as a hackney carriage is fully conversant with the current byelaws in force in the district (Copies of the byelaws are available on request).

7. The proprietor must ensure that the vehicle is capable of satisfying the Council's mechanical and structural inspection at any time during the period for which the licence is in force.
8. Any authorised officer of the Council or any Police Officer will have powers at all reasonable times to inspect and test any hackney carriage or taximeter. If he/she is not satisfied as to the fitness of either or both he may require the vehicle or meter to be further inspected at the testing station approved by the Council. If the vehicle or taximeters fail to meet the necessary requirements the licence will be suspended until such time as the requirements are met. If the authorised officer or Police Officer is not satisfied as to the road worthiness of a vehicle before the expiration of a two-month period, the licence will be deemed to have been revoked.
9. A first aid kit must be carried on the vehicle at all times and be readily accessible to the driver. The First Aid Kit must be a Travel First Aid Kit which complies with BS 8599. The First Aid Kit shall be clearly marked with a permanent marker with the licence number of the vehicle.
10. The proprietor or driver of the hackney carriage must not carry or permit to be carried more passengers than the number of passengers specified in this licence.
11. The taximeter will be placed in a position that all letters and figures on the face/display are plainly visible at all times to passengers being conveyed in the vehicle, and for that purpose the letters and figures must be capable of being suitably illuminated during any period of hiring.
12. The taximeter and all the fittings shall be fitted to the carriage with seals or other appliances so that it is not practicable for any person to tamper with them except by breaking, damaging, or permanently displacing the seals or other appliances. The meter shall be an approved calendar meter and be sealed and calibrated by a company authorised by the Council.
13. The licence holder will, within **48 HOURS**, disclose to the Council in writing details of any conviction; including any fixed penalty notice (endorsable or non endorsable), any Criminal Behaviour Order or any High Court or County Court judgement recorded against their name during the period of the licence, and any Police Caution. In addition, the licence holder will inform the Council within seven days of any arrest or interview under caution as a suspect.
14. A vehicle will not be deemed suitable for licensing as a hackney carriage vehicle unless: -
 - (a) It has at least four doors of which three are readily accessible by the passengers unless a London style cab.
 - (b) It is capable of comfortably seating at least four passengers in addition to the driver and for that purpose.
 - the rear seat of the vehicle shall measure at least 122cm (48") (to allow 16 "per person) at its widest part and the headroom from
 - the centre of the back seat to the roof lining shall measure at least 86cm (34"); and
 - (c) Provision is made for the carriage of luggage that is commensurate with the number of persons that the vehicle is conveying.
 - (d) It is fitted with a seat belt for each passenger seat to conform to the current British Standards.
 - (e) The steering wheel is located on the right side of the vehicle (offside)

- (f) The engine capacity shall not be less than 1290cc. The Council will licence electric, hybrid or similar vehicles providing they are of such design as to be able to undertake a full range of journeys, whilst carrying the maximum licensed number of passengers and associated luggage
- (g) On reaching the first anniversary of the date of first registration (as shown on DVLA V5 Registration Document) the vehicle becomes subject to annual MOT testing.
15. The proprietor must ensure that no material alteration or change in the specification, design, condition, appearance, or use of the vehicle is made without the approval of the Council at any time whilst the licence is in force.
16. The vehicle and all its fittings and equipment must at all times when the vehicle is in use or available for hire be kept in a safe, tidy, and clean condition, maintained in satisfactory mechanical order, body condition and overall appearance, and must comply with all relevant statutory requirements.
In particular the exterior of the vehicle must: -
- be free from dents and damage to body parts and trim;
 - be free of areas of rust and/or damaged paintwork;
 - have all factory fitted bumpers and body mouldings in place and be in good order and repair, and
- The interior of the vehicle must: -
- be free from stains, tears, cuts, and/or cigarette burns;
 - have all door and window mechanisms in good working order and the boot and luggage space must be kept clear for use by the passengers with certain exemptions (e.g. spare wheel and jack).
17. A vehicle must not carry any child below the age of twelve years in the front of the vehicle other than in accordance with the Road Traffic Act 1988 and subsequent regulations.
18. When advertisements other than those mentioned in Condition 2 above are displayed on the vehicle then:
- (a) those advertisements must be of a permanent nature and
 - (b) before the advertisements can be displayed on the vehicle prior approval must be sought from the authorised Officer.
 - (c) the words "Taxi" must be displayed on the surface of the vehicle in letters not exceeding 16cm in height. This shall be by prior approval by the authorised Officer.
19. All new vehicles and vehicles with up to 10000 miles on the odometer will be presented to the Licensing Officer by prior appointment for examination.

All vehicles with more than 10000 miles on the odometer and which are up to three years of age from date of first registration will be subject to an annual fitness test.

All vehicles aged from 3 years will be subject to two fitness tests a year (at 6 monthly intervals)

The test must take place at a testing station approved by the Council. These requirements are in addition to a MOT which we require for all licensed vehicles over 12 months old. These tests are required to ensure that any vehicles licensed to carry members of the public are safe and comfortable

20. The proprietor must ensure that a copy of the current fare table supplied by the Council is exhibited inside the carriage in such a position that it can be read by fare paying passengers.
21. The proprietor and driver if different, must report to the Council as soon as reasonably practicable and in any case within 72 hours of the occurrence thereof, any accident to the vehicle causing damage materially affecting the safety, performance or appearance of the vehicle or the comfort or convenience of persons carried therein.
22. A copy of the current insurance certificate or cover note must be carried in the vehicle at all times. The certificate or cover note must state the names of all drivers entitled to drive the vehicle.
23. Should proof of insurance cover not be available or the driver at the time is not shown on the insurance document then the vehicle licence will be immediately suspended.
24. CCTV systems are to be installed in all licensed Hackney Carriage and Private Hire vehicles (other than Private Hire Vehicles issued with a plate exemption for executive and VIP work and are used solely for this purpose). The system must be approved by the Authority and be capable when required of audio recording. The Authority will become the Data Controller and will publish a Data Impact Statement and guidance to drivers.
25. A licence for a wheelchair accessible vehicle cannot be used for a vehicle which is not wheelchair accessible.
26. Where a wheelchair accessible vehicle is fitted with a lift, that lift must be thoroughly examined every six months and a certificate as to its fitness be produced.
27. Where a vehicle is to be powered by LPG (Liquefied Petroleum Gas) before the vehicle is fitted with an LPG Tank, the vehicle must be inspected by the Council's licensing officer, to establish that the position of the tank will not reduce the luggage capacity of the vehicle. All work to a licensed vehicle must be carried out by a qualified LPG Association approved installer, who must hold a valid certificate as an LPG Approved Installer. Proof of registration on the www.drivelpg.co.uk website must be produced by the vehicle proprietor to the Council once installation is complete.
28. Licensed vehicles may be fitted with Dark Tinted Windows (Manufacturers standard fit). All vehicles are to comply with the Road Vehicle (Construction and Use) Regulations 1986 Regulation 32 (10).
29. No licensed vehicle may tow any trailer unless evidence of valid insurance to cover such use for hire and reward has been produced to the Licensing Authority. The vehicle licence plate giving the licence number must be clearly displayed on the rear of any trailer used, this sign being in addition to that on the rear of the vehicle. The contents of such trailer must be secured and covered in a proper manner so as to be watertight. Any trailer used must comply with regulations in all aspects and where required the driver must hold the appropriate towing licence as issued by the Driving Standards Agency.
30. No Vehicle will be granted a licence if it is already licensed in another district
31. Vaping will not be allowed in the vehicle under any circumstances.

32. Where credit/debit cards are accepted as payment by a driver they cannot set a minimum card payment amount.
33. Wheelchair accessible vehicles must always have the appropriate equipment to carry wheelchair customers available and in working condition otherwise the vehicle licence will be immediately suspended.
34. All licensed Hackney Carriage vehicles must have available at all times an electronic device that allows contactless or card payments to be made. A receipt which accurately states the time and date of the journey, driver number and fare, must be provided if requested by a passenger.
35. The proprietor of a Wheelchair Accessible Vehicle will be responsible for ensuring any driver of the vehicle has completed the Wheelchair Assessment course. Wheelchair Assessment Tests must be undertaken for drivers who intend to drive a Wheelchair Accessible Vehicle to ensure that the driver meets the required legal safety standard when loading and securing wheelchair passengers.

Appendix 4

HACKNEY CARRIAGE AND PRIVATE HIRE VEHICLE FITNESS INSPECTION SCHEDULE

The following vehicles will be subject to Fitness Testing:

All vehicles with more than 10,000 miles on the odometer and which are up to three years of age from date of first registration will be subject to an annual fitness test.

All vehicles aged from 3 years will be subject to two fitness tests a year (at 6 monthly intervals).

Upon presentation for inspection, the exterior of the vehicle should be clean so that rust damage, dents and scratches can be clearly identified. Vehicle interiors should also be clean and tidy and free of accumulations of litter and rubbish. Exterior faults should be marked on the Inspection Schedule Sheet.

The vehicle is to be tested to a standard higher than that for a standard Department of Transport Test and testers' attention is drawn to items in the testers' manual that are advisory.

If in the testers' opinion any items or vehicle defects affects the safety, performance or appearance of the vehicle or the comfort or convenience of persons carried therein, the items or item should be noted on the inspection schedule and the vehicle failed. Should it be considered by the tester that the vehicle is unsafe to be used to carry members of the public the tester is requested to inform the Council's Licensing Team on 01444 477344 immediately.

(a) EXTERIOR – Rust, Dents and Scratches.

(i) Rust

Any vehicle presented should be free from any significant areas of visible rusting. Although minor blemishes should not constitute a failure, the following general criteria should be followed:

Any vehicle with more than three rust patches of more than 3cms in diameter or a single rust patch of more than 20 sq.cms should be failed.

(ii) Dents

Any vehicle with minor dents on three or more panels where such dents are more than 5 cms in diameter length or a single dent of more than 20cms in diameter/length should be failed.

(iii) Scratches

Any vehicle with unrepaired scratches down to bare metal on three or more panels of 5cms in length, or a single scratch of more than 20cms in length, should be failed.

(iv) Paintwork

All panels on the vehicle must be painted in colours consistent with the general colour scheme of the vehicle: panels with unmatched colours or in primer should be deemed as "failures".

(b) INTERIOR

(i) Seats

All seats, including the driver's, must be free from unrepaired cuts, tears, or cigarette burns, except of very minor nature. Any repairs must have been carried out in a professional and neat manner.

(ii) Carpets/Floor Covering

All carpets and floor covering must be complete and free from cuts, tears, or serious staining.

The driver's foot well must be clear and free of any obstructions (e.g. microphone, cash bag, torch etc.).

(iii) Headlining and other Trim

All interior trim, including headlining, must be clean, complete, properly fitted, and free from serious cuts, tears, or major soiling.

(iv) Window Operation

All passengers, excepting those occupying a middle seat, must be able to open adjacent windows without difficulty

(v) Tinted Windows

The windscreen and the front side windows to either side of the driver's head must not be tinted to a degree that exceeds the limits as laid out in the Road Vehicles (Construction and Use) Regulations 1986, as amended.

(c) Boot/Luggage Compartment

When presented for inspection, the boot/luggage compartment should be empty, except for a full-size spare wheel, essential tools and first aid kit. The compartment should be clean and any coverings free from major cuts, tears, and other damage.

(d) Taxi Meter

All hackney carriages must be fitted with a calendar taximeter calibrated to the current rate of hire charges.

(e) Roof Signs

All vehicles that normally display a roof sign capable of illumination must be presented for the test with that sign in place and in working order. All signs that are capable of being illuminated must illuminate and in the case of a Hackney Carriage the sign must be wired to the taximeter so as to enable it to be extinguished while the meter is in operation. Vehicles with meters/signs not complying shall be failed.

(f) Auxiliary Electrical Equipment

All auxiliary electrical equipment fitted to the vehicle (e.g. roof box, radio, aerials etc.) must be securely wired into the vehicle's electrical system and fused where appropriate.

All auxiliary wiring passing through the vehicle's bodywork must be adequately insulated (preferably through a grommeted hole). All auxiliary wiring must be kept away from fuel lines.

(g) First Aid Kit

All vehicles must carry a first aid kit. The First Aid Kit must be a Travel First Aid Kit which complies with BS 8599.

The First Aid Kit shall be clearly marked with a permanent marker with the licence number of the vehicle.

(h) Mirrors

All vehicles must be fitted with offside AND nearside door or wing mirrors in addition to an interior mirror.

(i) Spare Wheel

A spare wheel must be carried on the vehicle and the tyre must be legal. Where the manufacturer does not supply a vehicle with a spare wheel a manufacturer supplied, and approved Emergency Tyre Repair Kit may be carried in lieu of a spare wheel and must be used in accordance with the manufacturer's instructions. Where a vehicle has had an LPG conversion, and the space provided for the spare wheel is used to locate the gas tank then an Emergency Tyre Repair Kit may be carried in lieu of a spare wheel. All components of the Emergency Tyre Repair Kit must be within its use by date if applicable.

(j) Seat Belts

All vehicles must be fitted with front and rear seat belts.

(k) Provisions applicable to Designated Wheelchair Accessible Vehicles

When presented for examination all designated wheelchair accessible vehicles will have all the required straps in a good state of repair with no cuts or fraying of the fabric. Any winch will be in working order and the ramp must be able to be safely deployed.

Proprietors are particularly reminded that: -

- (1) They should arrange for their vehicles to be inspected as soon as possible prior to the current fitness certificate expiry date. However, in line with M.O.T. tests the Fitness test can be carried out not more than one month before the old certificate expires, the expiry date on the new certificate can be entered as 12 months from the expiry date on the old certificate. To take advantage of this extension to the expiry date, you must show your current certificate to the tester before he/she issues the new one.
- (2) Apart from new vehicles mentioned at 3 below all vehicles over one year old being tested for a hackney carriage certificate and a private hire licence must first have a current MOT certificate.
- (3) The Contractor will be carrying out inspection work only. Under no circumstances will any repair work be undertaken. The Contractor's inspection will not only cover the mechanical condition of the vehicle but also its interior and exterior condition and appearance. All vehicles must obtain a Certificate of Fitness. The certificate will be issued from X upon vehicles being passed as fit to be licensed.

The inspection fee must be paid when the vehicle is presented for inspection. A receipt will be given.

- (4) No application for either a hackney carriage or private hire vehicle licence will be considered without a Certificate of Fitness. The Certificate of Fitness is valid only for the duration as specified on the certificate.

Appeal procedures for vehicles failing the Council's fitness test

Where a vehicle fails the fitness test the vehicle proprietor has a right of appeal.

The proprietor must inform the Licensing Officer in writing within seven days of the original test, that an appeal test is required. The appeal test will be conditional that the vehicle shall have covered no more than 250 miles and that no repairs or adjustments are made to the item(s) or system(s) which are subject of the appeal.

An Inspector from the DVSA will conduct the appeal test at the Council's current vehicle testing station.

The vehicle proprietor along with his/her engineer, the tester who failed the vehicle and the owner or a representative of the testing station will be given the opportunity to attend the appeal test.

The adjudication of the appeal Inspector will be final.

NB Proprietors are reminded that a fee will be charged if an appointment is broken or cancelled with less than 48 hours' notice.
In your own interests please ensure that your vehicle is in a clean and roadworthy condition before making the appointment for a test.

The above testing is in addition to the requirements for normal MOT Certificates. However, if required X will issue a VT20 Ministry of Transport Certificate for a reduced fee if requested at the time of the Council Test. (Council is currently tendering for Fitness Testing Stations)

MID SUSSEX DISTRICT COUNCIL

Conditions relating to Private Hire Drivers' Licences

1. Private Hire driver's licences shall be in force for a period of 12 or 36 months unless suspended or revoked.
2. Each person issued with a driver's licence will be issued with a badge in such form as prescribed by Mid Sussex District Council and when acting as the driver of a licensed vehicle must wear the badge in such position and manner as to be plainly and distinctly visible. MID SUSSEX DISTRICT COUNCIL

Conditions relating to Private Hire Vehicle Operators' Licences

The premises relating to this licence must be within the boundaries of the Mid Sussex District Council and must have a dedicated land line telephone number(s) that is specific to that address.

Where an operator is also licensed with another authority and has Private Hire Vehicles working in the Mid Sussex District Council area then the operator shall ensure that those vehicles comply with condition 8 of this licence.

1. The holder of this licence will keep a clearly legible record of the particulars of any private hire vehicle operated by him/her under the licence, pursuant to Section 56(3) of the Local Government (Miscellaneous Provisions) Act 1976, and contain the following particulars, namely:
 - Make and type of vehicle
 - Registration No.
 - Owner
 - PHV Licence No.

2. The holder of this licence will keep a clearly legible record of every booking of a private hire vehicle invited or accepted, pursuant to Section 56(2) of The Local Government (Miscellaneous Provisions) Act 1976, and contain the following particulars, namely: -
 - Date and time of hiring
 - Location of pick-up point and destination
 - Name of hirer
 - Name of driver
 - Vehicle
 - Contact telephone number of the passenger;
 - The name of any individual that responded to the booking request;
 - The name of any individual that dispatched the vehicle.
 - If the booking was undertaken at the request of another operator, the name of that operator
 - If the booking was passed to another operator to fulfil, the name of that operator and confirmation that the customer was informed that the booking will not be completed by a Mid Sussex District Licensed driver and vehicle.

3. All records kept by the operator must be retained by him/her for at least twelve months and be readily available for inspection by any authorised officer of the Council or constable at any time.

4. Operators who maintain computerised records will be required to give access to these records to licensing officers upon request in order that the licensing officers can carry out their enforcement duties. Operators will be required to provide adequate instruction to licensing officers in order to enable the officers to interrogate computerised records and gather information they require.

5. The Operator may not operate more vehicles than the number for which this licence has been issued.

6. This licence authorises the holder to operate private hire vehicles only. It does not give the holder or any other person authority to operate from any premises unless any requisite planning permission has been obtained.
7. This licence must be returned to the Council on suspension, revocation, or expiry.
8. A private hire operator will not permit vehicles operated by him/her to be stationed on the highway together unless they are actually at that moment in use for the purpose of carrying passengers for which a hire has been agreed. If it is necessary for a single private hire vehicle to wait on a road (other than awaiting a pre-booked passenger) it may not stand near or within sight of a hackney carriage rank, a railway station, or a bus or coach station.
9. The holder of this licence is responsible for ensuring that all vehicles operated by him/her are licensed by the Council under Section 48 of the 1976 Act.
10. The holder of this licence is responsible for ensuring that all drivers employed by him/her or driving vehicles operated by him/her are licensed by the Council under Section 51 of the 1976 Act.
11. The holder of this licence is responsible for ensuring that there is in force in relation to all vehicles operated by him/her a policy of insurance or such security as complies with the requirements of the relevant law applicable in Great Britain. A copy of all valid insurance certificates will be held by the operator.
12. This licence must be produced for inspection if requested by any authorised officer of the Council or any constable.
13. The licence holder(s) will, within seven days, disclose to the Council in writing details of any conviction; including any fixed penalty notice (endorsable or non endorsable), any Criminal Behaviour Order or any High Court or County Court judgement recorded against their name during the period of the licence, and any Police Caution. In addition, the licence holder(s) will inform the Council within seven days of any arrest or interview under caution as a suspect.
14. The holder of this licence must notify the Council of any changes relating to the licence this includes company name, ownership, telephone numbers and premises.
15. When the operator accepts a booking, he/she will unless prevented by some reasonable cause ensure that a licensed private hire vehicle attends at the appointed time and place. The vehicle and driver despatched shall both be licensed by Mid Sussex District Council. When the operator accepts a booking, he/she shall immediately prior to the commencement of the journey enter all details of the hiring in the form prescribed at 2 above.
16. The operator will retain a copy of the private hire vehicle and private hire driver licences issued by the Council all the time they are controlled or employed by the operator. The operator will notify the council of any changes as and when they occur.
17. The operator will notify the Council of any vehicle and driver which is taken out of his employ as and when they occur.

18. Operators that provide waiting facilities for the public should ensure the following:
 - a. Any premises which the operator provides and to which the public have access, whether for the purpose of booking or waiting; are kept clean, adequately heated, ventilated, and lit
 - b. ensure that any waiting area provided by the operator has adequate seating facilities;
 - c. appropriate public liability insurance must be taken out for premises that are open to the public (e.g. taxi waiting rooms) and the appropriate certificate of insurance should be provided for examination when required by Council Officers'
19. Operators are required to keep a register of all staff that will take bookings or dispatch vehicles. Operators are also required to evidence that they have had sight of a Basic DBS check on all individuals listed on their register of booking and dispatch staff and to ensure that Basic DBS checks are conducted on any individuals added to the register and that this is compatible with their policy on employing ex-offenders.
20. Operators will have to provide a policy on employing ex-offenders in either of these roles.
21. All Operators are required to keep a record of all complaints received. These records must be made available for inspection by the Licensing Officer on request.

Operators are required to advise the authority when any driver is subject to any complaints regarding safeguarding, dishonesty, abusing customers or more than one complaint which does not fall into these categories in any 12 months.

22. The use of a driver who holds a PCV licence and the use of a public service vehicle (PSV) such as a minibus to undertake a private hire vehicle booking should not be permitted by private hire vehicle operator without the informed consent of the person making the booking.
23. The operator will not: -
 - a) Tout or solicit on a road or other public place any person to hire or be carried for hire in any private hire vehicle; OR
 - b) Cause or procure any other person to tout or solicit on a road or other public place any person to hire or be carried for hire in any private hire vehicle.
24. All new Operator applicants, and current Operators, where they are not also licensed as drivers, are required to undertake recognised Disability Awareness and Equality Act training in relation to disabled and vulnerable passengers as part of their professional development.

Appendix 8

CONSIDERATION OF GROUNDS FOR REFUSAL TO ISSUE OR RENEW, OR TO SUSPEND OR REVOKE A HACKNEY CARRIAGE/PRIVATE HIRE DRIVER LICENCE.

Section 51 of Local Government (Miscellaneous Provisions) Act 1976 states that a district council shall not grant a licence to drive a private hire vehicle unless they are satisfied that the applicant is a fit and proper person, in addition to being medically fit and being the holder of a suitable driver licence. Section 59 states likewise in respect of a hackney driver licence.

Each case must be decided on its merits. All applicants must be checked by the police on initial application and then every third year on renewal. Authority for this is given under Section 47 of Road Traffic Act 1991.

Consideration must be given to the Rehabilitation of Offenders Act 1974 as reformed by the Legal Aid, Sentencing and Punishment of Offenders Act 2012 and the Human Rights Act 1998. The rehabilitation period depends on the sentence for the original offence. Some sentences carry fixed rehabilitation periods. The main ones are: -

Prison sentence: more than 30 months up to and including, 48 months	7 years from the end of the sentence (including time on licence)
Prison sentence: more than 6 months up to, and including, 30 months	4 years from the end of the sentence (including time on licence)
Prison sentence: 6 months or less	2 Years from the end of the sentence (including time on licence)
Probation Order	12 months from the end of the order
Community Order	12 months from the end of the order *
Fine	1 year from the date of conviction
Conditional Discharge Order	The last day on which the order has effect.
Compensation	Once the compensation is paid in full.
Absolute Discharge	No rehabilitation period

*Where the order does not specify the last day on which the order is to take effect, the rehabilitation period is 2 years from the date of conviction

Note: Suspended sentences count as if the term of imprisonment had been served.

A sentence of more than 48 month can never be spent.

Servicemen:

Same as in civilian life.

Convictions Policy

1. Introduction

- 1.1 The purpose of this policy is to provide guidance on the criteria taken into account by the licensing authority when determining whether or not an applicant or an existing licence holder is a fit and proper person to hold a hackney carriage and/or private hire driver or operator licence.
- 1.2 The overriding aim of the licensing authority is to protect the safety of the public. The licensing authority is concerned to ensure:
- That a person is a fit and proper person
 - That the person does not pose a threat to the public
 - That the public are safeguarded from dishonest person
 - The safeguarding of children, young persons, and vulnerable adults
- 1.3 This policy provides guidance to any person with an interest in taxi and private hire licensing. In particular, but not exclusively:
- Applicants for drivers' licences
 - Existing licensed drivers whose licences are being reviewed or renewed
 - Licensing Officers
 - Members of the licensing sub-committee ('sub-committee')
 - Magistrates and Judges hearing appeals against the licensing authority's decisions
- 1.4 Where Officers have delegated powers to grant licences, they will utilise these guidelines when making a decision to grant a licence. In all other cases applications for licences will be referred to the licensing sub-committee. Whilst officers and the sub-committee will have regard to the guidelines contained in the policy, each case will be considered on its individual merits and, where the circumstances demand, the sub-committee may depart from the guidelines.
- 1.5 For renewal applications and current licence holders the guidance will not be applied retrospectively. However, the policy will be applied if any additional convictions are incurred or brought to the attention of the licensing authority that would call into question a person's suitability to hold a licence.
- 1.6 There is no judicially approved test of fitness and propriety. Licensing authorities have a duty to ensure that any person to whom they grant a taxi or private hire vehicle driver's licence is a 'fit and proper' person to be a licensee.

The test used by the Authority when considering whether a licence holder is a 'Fit and Proper' Person is:

Without any prejudice, and based on the information before you, would you allow a person for whom you care, regardless of their condition, to travel alone in a vehicle driven by this person at any time of day or night?

If, on the balance of probabilities, the answer to the question is 'no,' the individual should not hold a licence. All decisions on the suitability of an applicant or licensee will be made on the balance of probability.

This means that an applicant or licensee should not be 'given the benefit of doubt.' If the committee or delegated officer is only "50/50" as to whether the applicant or licensee is 'fit and proper', they should not hold a licence. The threshold used here is lower than for a criminal conviction (that being beyond reasonable doubt) and will take into consideration conduct that has not resulted in a criminal conviction.

- 1.7 The Council will undertake whatever checks it considers necessary to ensure that licences are not issued to unsuitable people. In assessing the suitability of an applicant or licence holder, the licensing authority will take into consideration the following factors:
- Criminality
 - Number of endorsed DVLA driving licence penalty points
 - The conduct of the applicant in making the application (e.g. whether they have acted with integrity during the application process).
 - The previous licensing history of existing / former licence holders.

In addition, the licensing authority will also consider further information from sources such as, but not limited to, the Police (including abduction notices), Children and Adult Safeguarding Boards, Multi Agency Safeguarding Hub, Immigration Service, Social Services other licensing authorities, other departments within the Council, and other statutory agencies.

- 1.8 As licensed drivers often carry unaccompanied and vulnerable passengers, the licensing authority will take a strong line in relation to applicants or existing licence holders with convictions for sexual offences. A licensed PHV or taxi driver is expected to be trustworthy. In the course of their working duties drivers will deal with cash transactions and valuable property may be left in their vehicles. Drivers may well deal with customers who are vulnerable or intoxicated and potentially easily confused. Taking drugs and driving poses an obvious risk to public safety, whilst applicants who have convictions for the supply of drugs should also be treated with considerable concern, The nature and quantity of the drugs, whether for personal use or supply are issues which will be considered carefully. As licensees are professional vocational drivers, a serious view is taken of convictions for driving or being in charge of a vehicle while under the influence of drink or drugs. More than one conviction for these offences raises significant doubts as to the applicant's fitness to drive the public.
- 1.9 The licensing authority reserves the right to overturn or annul a decision that has previously been made, or refuse a renewal of a licence, where clear errors are discovered.
- 1.10 In this policy, the word "applicant" refers to either new applicants, existing licence holders who are seeking renewal and existing licence holders that are the subject of periodic auditing or having their licence reviewed by the council as part of the policy implementation process. It also includes existing licence holders who are being considered by the licensing authority by virtue of offending activity having recently come to light.

- 1.11 In this policy, the word “conviction” is to be defined as including convictions, cautions, warnings, reprimands, and other relevant information.

2. General Policy

- 2.1 Whilst the committee may consider that a person with a conviction for a serious offence need not be automatically barred from obtaining a licence, it would normally be expected that the applicant would be required to:
- Remain free of conviction for an appropriate period as detailed below; and
 - Show adequate evidence that her or she is a fit and proper person to hold a licence (the onus is on the applicant to produce such evidence).
- (Simply remaining free of conviction may not generally be regarded as adequate evidence that a person is a fit and proper person to hold a licence).
- 2.2 The standards and criteria set out below are those that would normally be applied to applications and licences. Each case will be considered on its own merits, and the licensing authority may depart from these criteria, however it must only do so in exceptional circumstances. The otherwise good character and driving record of the applicant of licence holder will not ordinarily be considered as exceptional circumstances.
- 2.3 Any offences committed, or unacceptable behaviour reported whilst driving a hackney carriage or private hire vehicle, concerning the use of a hackney carriage or private hire vehicle, or in connection with an operator of a private hire vehicle will be viewed as aggravating features, and the fact that any other offences were not connected with the hackney carriage and private hire trades will not be seen as mitigating factors.
- 2.4 Where an applicant has been convicted of a criminal offence, the licensing authority cannot review the merits of the conviction [Nottingham City Council v. Mohammed Farooq (1998)].

3 Pre-requisites to making an application

- 3.1 It is the policy of the licensing authority that every application for a licence to drive a Hackney Carriage and/or Private Hire Vehicle must be accompanied by satisfactory evidence of the following matters (and that applications that are incomplete will not be deemed to have been made until such time as they are completed) -
- That the applicant has the right to live and work in the country
 - An enhanced criminal record check and evidence that they are not on a child and/or vulnerable adult barring list
 - A certificate of their current medical fitness [to Group 2 standard]
 - That the applicant is authorised to drive a vehicle of the same classification as that which the licence will allow them to drive together with a check of any current driving endorsements held by the driver
 - That the applicant has successfully completed of an advanced driving assessment (DSA Test)
 - That the applicant has provided two personal references
 - That the applicant has passed a local knowledge test

- That the applicant has sufficient ability to speak English and to understand spoken English to provide the service that they wish to be licensed for
- (For persons who seek to be authorised to drive a wheelchair accessible vehicle) that the applicant has the ability to safely load and secure wheelchair users in a wheelchair accessible vehicle whilst in their chair.

3.2 The DBS cannot access criminal records held overseas, only foreign convictions that are held on the Police National Computer may, subject to the disclosure rules, be disclosed. Therefore, a DBS check may not provide a complete picture of an individual's criminal record where there have been periods living or working overseas; the same applies when an applicant has previously spent an extended period (three or more continuous months) outside the UK.

Where a new applicant has lived in any Country outside the UK for more than 3 months over the age of 18, they will be required to provide where possible criminal records information or a 'Certificate of Good Character' from overseas for **each and every** Country that they have resided in. This is to be able to properly assess risk and support the decision-making process.

4. Appeals

- 4.1 Any applicant refused a driver's licence on the grounds that the licensing authority is not satisfied he is a fit and proper person to hold such a licence has a right to appeal to the Magistrates' Court within 21 days of the notice of refusal (Local Government Miscellaneous Provisions Act 1976, s 77 (1)).
- 4.2 Any applicant refused an operator licence on the grounds that the licensing authority is not satisfied he is a fit and proper person to hold such a licence has a right to appeal to the Magistrates' Court within 21 days of the notice of refusal.
- 4.3 Any licensee whose licence is suspended or revoked has a right to appeal to the Magistrates' Court within 21 days of the notice of suspension or revocation.

5. Powers

- 5.1 Section 61 and Section 62 of the Local Government Miscellaneous Provisions Act 1976 allow the licensing authority to suspend, revoke or refuse to renew a licence if the application/licence holder has been convicted of an offence involving dishonesty, indecency, violence; failure to comply with the provisions of the Town Police Clauses Act 1847; failure to comply with the provisions of Part II of the Local Government (Miscellaneous Provisions) Act 1976; or any other reasonable cause.
- 5.2 The Rehabilitation of Offenders Act 1974 (Exceptions)(Amendment) Order 2002, allows the licensing authority to take into account all convictions recorded against an applicant or the holder of a private hire vehicle or hackney carriage driver's licence, whether spent or not. Therefore, the licensing authority will have regard to all relevant convictions, particularly where there is a long history of offending or a recent pattern

of repeat offending. Applicants need to be aware that, in accordance with this Act, all convictions, cautions, warnings and reprimands must be declared.

- 5.3 In this policy the term “disqualification” refers to the period served, in order to take account of the fact that a court may reduce the period of disqualification from driving. An applicant must provide evidence in advance to prove that the court agreed a reduction in the period of disqualification.

6. Consideration of disclosed criminal history

- 6.1 Under the provisions of Sections 51, 55, and 59, Local Government (Miscellaneous Provisions) Act 1976, the licensing authority is required to ensure that an applicant for the grant or renewal of a hackney carriage and/or a private hire vehicle drivers’ licence and/or private hire vehicle operator’s licence is a ‘fit and proper’ person to hold such a licence. However, if an applicant has any convictions, warnings, cautions, or charges awaiting trial, the licensing authority will look into:

- How relevant the offence(s) are to the licence being applied for
- How serious the offence(s) were
- When the offence(s) were committed
- The date of conviction
- Circumstances of the individual concerned
- Sentence imposed by the court
- The applicant’s age at the time of conviction.
- Whether they form part of a pattern of offending
- Any other character check considered reasonable (e.g. personal references)
- Any other factors that might be relevant for example:
 - The previous conduct of an existing or former licence holder,
 - Whether the applicant has intentionally misled the council or lied as part of the application process,
 - Information provided by other agencies/council departments

- 6.2 In this policy ‘from date sentence has ended’ is taken to be the date which is reached once the whole of the period as sentenced by the court has elapsed and not necessarily the length of time served by the applicant. For example, if a sentence is five years imprisonment, then the date that the sentence ends will be five years from the date of sentencing – regardless of the amount of time actually served by the applicant. If the sentence is amended by a court at a later date, then this new sentence becomes relevant for the purposes of this policy. The term ‘since completion of sentence’ is to be construed in a similar way.

- 6.3 Existing holders of driver’s licences are required to notify the licensing authority in writing within 48 HOURS of receiving a driving licence endorsement, fixed penalty notice, warning, reprimand, police caution, criminal conviction, or other criminal proceedings (including their acquittal as part of a criminal case). In addition, licence holders must inform the licensing authority within 48 HOURS of their arrest for any matter (whether subsequently charged or not). To fail to do so, will raise serious questions for the licensing authority as to the honesty of the licence holder and will be taken into account as part of any subsequent renewal applications.

- 6.4 It is an offence for any person knowingly or recklessly to make a false declaration or to omit any material particular in giving information required by the application for a licence (Section 57 Local Government (Miscellaneous Provisions) Act 1976). Where an applicant has made a false statement or a false declaration on their application for the grant or renewal of a licence, the licence will normally be refused.
- 6.5 Any offences or behaviour not expressly covered by this Policy may still be taken into account.
- 6.6 The licensing authority is also entitled to use other records and information that may be available to it in determining applications or an entitlement to continue holding a licence. This may include information held by the licensing authority or other licensing authorities, and information disclosed by the police.
- 6.7 Admission of guilt is required before a Police caution can be issued. Every case will be considered on its own merits including the details and nature of the offence.
- 6.8 Applicants can discuss further what effect a caution/conviction may have on any application by contacting the licensing officer in confidence for advice.

7. Options when determining an application/licence

- 7.1 When determining an application or reviewing an existing licence in relation to convictions or other relevant information the licensing authority have the following options:
- grant the licence or take no further action
 - grant the licence with additional conditions
 - refuse, revoke, or suspend the licence
 - issue a warning
- 7.2 If a current licence holder's conduct is such that, were they to be applying for a new licence their application would normally be refused, they should expect consideration to be given as to the suspension or revocation of their licence.

8. Serious offences involving violence

- 8.1 Licensed drivers have close regular contact with the public. A firm line is to be taken with those who have convictions for offences involving violence. An application will normally be refused if the applicant has a conviction for an offence that involved the loss of life.
- 8.2 Unless there are exceptional circumstances a licence will not normally be granted where the applicant has a conviction for an offence such as:
- Murder
 - Manslaughter
 - Manslaughter or culpable homicide while driving
 - Terrorism offences

- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above

8.3 A licence will not normally be granted where the applicant has a conviction for an offence of similar offence(s) which replace the below offences, and the conviction is less than 10 years prior to the date of application:

- Arson
- Malicious wounding or grievous bodily harm which is racially aggravated
- Actual bodily harm
- Grievous bodily harm with intent
- Robbery
- Possession of firearm
- Riot
- Assault Police
- Common assault
- Violent disorder
- Resisting arrest
- Any racially aggravated offence against a person or property
- Affray
- Any offence that may be categorised as domestic violence
- Any offence that may be categorised as stalking
- Harassment, alarm or distress, intentional harassment, or fear of provocation of violence
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above

8.4 A licence will not normally be granted until at least 5 years have passed since the completion of any sentence and / or licence period following conviction for an offence shown below:

- Obstruction
- Criminal damage
- Any offences (including attempted or conspiracy to commit offences) that are similar to those above.

8.5 A licence will not normally be granted if an applicant has more than one conviction for an offence of a violent nature.

9. Exploitation

Where an applicant or licensee has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, unless there are exceptional circumstances a licence will not normally be granted. This includes slavery, child sexual abuse, exploitation, grooming, psychological, emotional, or financial abuse, but this is not an exhaustive list.

10 Discrimination

Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

11. Offences involving a weapon

11.1 If an applicant has been convicted of possession of a weapon or any other weapon related offence, this will give serious concern as to whether the person is fit to carry the public.

11.2 Depending on the circumstances of the offence, an applicant should be free of conviction for 7 years (or at least 7 years must have passed since the completion of the sentence, whichever is longer), before a licence is granted.

12. Sexual and indecency offences

12.1 As licensed drivers often carry unaccompanied and vulnerable passengers, the licensing authority will take a strong line in relation to applicants or existing licence holders with convictions for sexual offences. All sexual and indecency offences will be considered as serious. Applicants with convictions for sexual or indecency offences that involve a third party will normally be refused a licence.

12.2 An application will normally be refused where the applicant has a conviction for an offence such as:

- Rape
- Assault by penetration
- Offences involving children or vulnerable adults
- Sexual assault
- Indecent assault
- Exploitation of prostitution
- Trafficking for sexual exploitation
- Possession of indecent photographs, child pornography etc.
- Indecent exposure
- Soliciting (kerb crawling)
- Or **any** sex or indecency offence that was committed in the course of employment as a taxi or PHV driver
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

12.3 In addition to the above the licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register.

13. Dishonesty

- 13.1 A licensed PHV or taxi driver is expected to be a trustworthy person. They deal with cash transactions and valuable property may be left in their vehicles. Taxi drivers are required to deposit such property with police within 24 hours. PHV drivers must pass lost property to the operator. The widespread practice of delivering unaccompanied property is indicative of the trust that businesspeople place in licensed drivers. Moreover, it is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal or agreed fare. Overseas visitors can be confused by our currency and may be vulnerable to an unscrupulous driver. For all these reasons, a serious view is taken of any conviction involving dishonesty.
- 13.2 In general, a minimum period of 7 years free of conviction or at least 7 years from completion of sentence (whichever is longer) should be required before granting a licence. Offences involving dishonesty include:
- theft
 - burglary
 - fraud
 - benefit fraud
 - handling or receiving stolen goods
 - forgery
 - conspiracy to defraud
 - obtaining money or property by deception
 - other deception
 - taking a vehicle without consent
 - and any similar offences
 - Or any similar offences (including attempted or conspiracy to commit) offences which replace the above
- 13.3 A licence will not normally be granted if an applicant has more than one conviction for a dishonesty offence.
- 13.4 Applicants or existing licence holders that are found to have intentionally misled the licensing authority or lied as part of the application or renewal process, will not be issued with a licence.

14. Drugs

- 14.1 A serious view is taken of any drug related offence. The nature and quantity of the drugs, whether for personal use or supply are issues which should be considered.
- 14.2 A licence will not normally be granted where the applicant has an isolated conviction for an offence related to the supply of drugs and has not been free of conviction for 10 years.
- 14.3 A licence will not normally be granted where the applicant has more than one conviction for offences related to the possession of drugs and has not been free of conviction for 5 years.

- 14.4 An applicant who has an isolated conviction for an offence related to the possession of drugs (other than for supply) within the last 3-5 years may be granted a licence, but consideration should be given to the nature and quantity of the drugs.
- 14.5 If there is evidence of persistent drugs use, misuse, or dependency a specialist medical examination (in accordance with DVLA Group 2 medical standards) may be required before the licence is granted. If the applicant was an addict, then they would normally be required to show evidence of 5 years free from drug taking after detoxification treatment.
- 14.6 A licence will not normally be granted if an applicant has more than one conviction for a drugs related offence.

15. Driving offences involving the loss of life

- 15.1 A very serious view is to be taken of any applicant who has been convicted of a driving offence that resulted in the loss of life. Unless there are exceptional circumstances a licence will not normally be granted where the applicant has a conviction for an offence such as:
- Causing death by dangerous driving
 - Causing death by careless driving whilst under the influence of drink or drugs
 - Causing death by driving: unlicensed, disqualified, or uninsured drivers
 - or any similar offences

16. Drink driving/driving under the influence of drugs/using a mobile phone whilst driving

- 16.1 As licensees are professional vocational drivers, a serious view is taken of convictions for driving or being in charge of a vehicle while under the influence of drink or drugs. An isolated incident would not necessarily debar an applicant from proceeding on the restoration of his DVLA driving licence, but he should be warned as to the significant risk to his licence status in the event of re-offending. Normally at least 5 years after the restoration of the driving licence following a drink/drug drive conviction should elapse before an application will be considered. If there is any suggestion that the applicant is alcohol or drug dependent, a satisfactory special medical report must be provided before the application can be allowed to proceed. If an applicant has more than one conviction for driving or being in charge of a vehicle while under the influence of drink or drugs the application should normally be refused.
- 16.2 Applicants should also be aware of the serious risk posed by driving whilst using a mobile phone. There is a substantial body of research (see for instance <http://www.rospa.com/rospaweb/docs/advice-services/road-safety/drivers/mobile-phone-report.pdf>) which shows that drivers who use a mobile phone suffer physical and cognitive distraction which means they:
- are much less aware of what is happening on the road around them
 - fail to see road signs
 - fail to maintain proper lane position and steady speed

- are more likely to 'tailgate' the vehicle in front
- react more slowly, take longer to brake and longer to stop
- are more likely to enter unsafe gaps in traffic
- feel more stressed and frustrated.

16.3 There is evidence to show that drivers who use a mobile phone have slower reaction times than those who have consumed up to the legal alcohol limit. In light of this, an equally serious view should be taken of convictions for driving whilst using a mobile phone as for driving under the influence of drink or drugs.

16.4 A licence will not normally be granted if an applicant has more than one conviction for an offence of driving under the influence of drink or drugs or whilst using a mobile phone.

17. Other Motoring Offences

17.1 There are many motoring offences which attract penalty points and fines. Some of these are not necessarily a bar from an applicant being granted a licence or an existing driver retaining a licence.

17.2 Traffic offences such as driving without due care and attention, reckless driving, more serious speeding offences (usually dealt with by a court), or offences of a similar nature will give rise to serious doubts about the applicant's suitability to be a driving professional. An applicant with any such convictions will be required to show a period of at least 1 year free of such convictions. For applicants with more than one offence this should normally be increased to 5 years.

17.3 In cases where the courts have imposed a disqualification in respect of the DVLA driving licence, the periods stated above should normally commence from the date of the restoration of the licence.

17.4 In this policy, the term "disqualification" refers to the period served, in order to take account of the fact that a court may reduce the period of disqualification from driving. An applicant must provide evidence in advance to prove that the court agreed a reduction in the period of disqualification.

17.5 In "totting up" cases where disqualification is considered by the Court, even if the court does not disqualify (e.g. because of exceptional circumstances) a driver, the licensing authority is likely to refuse a hackney carriage or private hire driver's licence because different criteria apply. An applicant will normally be expected to show a period of 12 months free from conviction from the date the court made its finding of exceptional circumstances justifying the non-disqualification.

18. Licensing Offences

18.1 Certain offences under taxi legislation such as plying for hire, overcharging, and refusing to carry disabled persons would normally prevent a licence being granted or renewed until a period of 5 years has passed since.

18.2 A licence will not normally be granted if an applicant has more than one conviction for a licensing related offence.

19. Insurance offences

19.1 A serious view will be taken of convictions of driving or being in charge of a vehicle without insurance. An isolated incident in the past will not necessarily stop a licence being granted provided he/she has been free of conviction for 3 years; however strict warning should be given as to future behaviour.

19.2 A licence will not normally be granted if an applicant has more than one conviction for an insurance related offence.

19.3 An operator found guilty of aiding and abetting the driving of passengers for hire and reward whilst without insurance will normally have his operators' licence revoked immediately and be prevented from holding a licence for at least three years.

19.4 Where a specific offence is not mentioned, a suitable period will be determined by reference to offences described. The licensing authority reserves the right to refuse a licence where there are aggravating circumstances, even where these guidelines would otherwise indicate that a licence might be granted.

20. Outstanding charges or summonses

20.1 If the individual is the subject of an outstanding charge or summons their application can continue to be processed, but the application will need to be reviewed at the conclusion of proceedings.

20.2 If the outstanding charge or summons involves a serious offence and the individual's conviction history indicates a possible pattern of unlawful behaviour or character trait, then in the interests of public safety the application may be put on hold until proceedings are concluded, or the licence may be refused.

21. Non-conviction information

21.1 If an applicant has been arrested or charged, but not convicted, for a serious offence which suggests he could be a danger to the public, consideration may be given to refusing the application or revoking an existing licence.

21.2 The licensing authority will take into account intelligence it receives which has not led to a conviction. This may include but not be limited to information regarding acquittals, circumstances in which convictions were quashed due to misdirection to the jury, circumstances where the decision was taken not to prosecute, situations where the person has been arrested and bailed but not yet charged, and complaints from the public. In considering the most appropriate action to take following the

receipt of information), the credibility of the witness / complainant and the licence holder will be taken into account.

- 21.3 In assessing the action to take, public safety will be the paramount concern. Decisions will be taken on balance of probability.

22. Once a licence has been granted

- 22.1 If a licence holder's conduct is such that, were they to be applying for a new licence their application would normally be refused, they should expect consideration to be given as to the suspension or revocation of their licence.

- 22.2 A suspension or revocation of the licence of a driver takes effect at the end of the period of 21 days beginning with the day on which notice is given to the driver. If it appears that the interests of public safety require the suspension or revocation of the licence to have immediate effect, and the notice given to the driver includes a statement that is so and an explanation why, the suspension or revocation takes effect when the notice is given to the driver. [Road Safety Act 2006, s 52, 2A&2B]

- 22.3 A suspension or revocation of the licence of an operator takes effect at the end of the period of 21 days beginning with the day on which notice is given to the operator.

23 Licences issued by other licensing authorities

- 23.1 Applicants who hold a licence with one licensing authority should not automatically assume that their application will be granted by another. Each case will be decided on its own merits.

- 23.2 Licensees who are licensed by multiple authorities are expected to inform all such authorities of the authorities that they are licensed by and to advise each authority of any changes in this respect; and should expect those authorities to share information regarding their conduct and to take it into account as appropriate.

24 Summary

- 24.1 To summarise, a criminal history in itself will not automatically result in refusal and a current conviction for a serious crime need not bar an applicant permanently from becoming licensed. As the preceding paragraphs indicate, in most cases, an applicant would be expected to remain free from conviction for 3 to 10 years, according to circumstances, before an application can be considered. However, there may be occasions when an application can be allowed before 3 years free from conviction have elapsed.

- 24.2 Any person who has committed an offence and has to wait before an application is positively considered is more likely to value their licence and act accordingly.

- 24.3 While it is possible that an applicant may have a number of convictions that, individually, meet the above guidelines, the overall offending history must be

considered when assessing an applicant's suitability to be licensed. A series of offences over a period of time is more likely to give cause for concern than an isolated minor conviction. Some discretion can be afforded if an offence disclosed is isolated and there are mitigating circumstances, but the overriding consideration is the protection of the public.

**PROCEDURE AT THE HEARING BEFORE THE
TAXI LICENSING SUB-COMMITTEE**

1. The Chairman will open the hearing and will introduce the members of the Sub-Committee and officers present.
2. The Chairman will then ask the Applicant and/or his /her representative to introduce himself/herself/themselves.
3. The Chairman shall then explain the procedure which will be followed at the hearing.
4. The Licensing Officer will present his/her report to the Sub Committee and call any witnesses he/she may have. The Chairman will invite members of the Sub Committee and Applicant/Driver/Representative to ask questions of the officer and any witnesses.
5. The Chairman shall invite the Applicant/Representative to present their case and to call any witnesses on behalf of the Applicant.
6. The Chairman will invite members of the Sub-Committee to put questions to the Applicant and/or witnesses
7. The Chairman shall invite the parties to respond to any points of clarification they require and give further information.
8. The Chairman will invite the Applicant and/or his/her Representative to sum up and confirm they have said all they wish to.
9. After hearing the representations, the Chairman will require all parties to withdraw from the room in order to make its determination.
10. Once the hearing is reconvened the Chairman shall inform the parties of the Sub Committee's decision and where possible to give the reasons as to their decision. The Chairman will then inform the Applicant that they will receive the decision in writing from the Licensing Solicitor and their full information about the person's right of appeal to the Magistrates' Court.

**ENGLISH LANGUAGE PROFICIENCY TEST
AS APPROVED BY MID SUSSEX DISTRICT COUNCIL**

1. The Versant English Test, offered by Pearson Education, is taken by telephone and provides a near-instant, objective result, assessing the applicant's skills in vocabulary, sentence construction, fluency, and pronunciation, as well as providing an overall score. Each of these sections is marked on a scale of 20 to 80, and is calculated immediately after the test, which lasts for around 15 minutes, is completed. During the test, the applicant carries out a number of spoken tasks, comprising:
 - reading sentences from a printed sheet,
 - repeating sentences played over the phone,
 - answering simple questions asked over the phone,
 - reconstructing sentences from multiple segments read to the candidate,
 - answering open questions (speaking for 20-30 secs) asked over the phone.
2. The test produces a score within a given range, which correlates to certain language proficiency levels. The levels also correlate to the Common European Framework of Reference for languages (CEFR), which allows the results to be accurately compared against other language-based qualifications. For the purposes of driver licensing, it is believed that candidates should have language proficiency equivalent to the threshold of levels B1 and B2 of the CEFR scale (an overall score on the Versant test of 55/80 or higher). Drivers will therefore be required to achieve this score to demonstrate their competence and be granted a licence. Level B2 is defined by CEFR as follows:

Can understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in his/her field of specialisation. Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. Can produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue giving the advantages and disadvantages of various options.
3. There will be a cost for the test, details of which can be found separately on the council website. Tests will be supervised and taken at the Council's offices, following an identification check, so as to ensure that tests are not taken by a person other than the candidate.
4. These arrangements may be changed upon review of the Taxi Licensing policy or at any time the Council decides to be appropriate.

Mid Sussex District Council Taxi and Private Hire Licensing, Penalty Points Scheme

Introduction

Hackney Carriage and Private Hire Operators, Drivers and Vehicles are principally governed by the Local Government (Miscellaneous Provisions) Act 1976, Town Police Clauses Act 1847, Council's Byelaws and the Rules, Regulations and Conditions set by the Licensing Committee.

The aim of the penalty point scheme is to work in conjunction with other enforcement options. It provides a formalised stepped enforcement plan. The purpose of the scheme is to record misdemeanours and to act as a record of driver's behaviour and conduct so as to ascertain whether they are a fit and proper person. It does not prejudice the Council's ability to take other actions.

How will it work?

If Operators, Drivers, or Proprietors of Vehicles commit an offence or breach rules, regulations or conditions of a licence, the persons involved are asked to attend the Council offices for an interview. Once investigations are completed, letters are sent out detailing the outcome and a permanent record kept on the persons' file. The outcome may result in no further action being taken, penalty points being awarded, a formal warning, referral to the Licensing Committee and/or prosecution.

Penalty Points will remain current for 36 months from the date the penalty points are issued. The period is on a roll forward basis, to allow any older points to be considered as spent and, therefore, excluded from the running total recorded against any individual licensee.

Points issued to either the proprietor of a vehicle or a driver will be confirmed in writing, normally within 10 working days from the discovery of the contravention.

Where a licensee accumulates 12 penalty points in any 36-month period, the matter will be referred to the Council's Licensing Committee for it to consider whether the driver is a fit and proper person. The Committee may then suspend or revoke a licence, or issue a warning to the Licensee, depending upon the circumstances. Periods of suspension of a licence by the Committee will be dependent on the nature of the breaches of the legislation/conditions and the compliance history of the individual. Suspension periods will normally vary between 7 to 31 days.

Disputes regarding the issuing of penalty points by Officers will be referred to the Licensing Committee. They will have discretion to award a greater number of points than displayed on the tariff, if the complaint is upheld. Drivers must appeal any points issued by Officers to the Licensing Committee within 21 days.

The system will operate without prejudice to the Council's ability to take other action that it is entitled to take under legislation, byelaws, and regulations.

If points are issued to a proprietor/driver for a matter which is also a criminal offence, e.g. bald tyres, no badge, those persons(s) will not then be the subject of a prosecution by the Council

PLEASE NOTE:

The Council shall take a very serious view of any driver being found to have had any alcohol or having misused any drugs whilst in charge of a licensed vehicle.

MID SUSSEX TAXI AND PRIVATE HIRE SERVICE CHARTER

INTRODUCTION

The aim of local authority licensing of the Taxi and Private Hire Vehicle trades is to protect the public. Mid Sussex District Council wants to ensure that the public should have reasonable access to Taxi and Private Hire services, because of the part they play in local transport provision.

There is a need for a balanced approach in licensing to ensure Public Safety, against restrictive conditions that impose unnecessary costs on current and prospective entrants to the trade. Mid Sussex District Council believes that working in partnership is the best way to achieve this balance.

Our Charter details the responsibilities of Mid Sussex District Council as the Licensing Authority, and the drivers as frontline service providers.

MSDC - STANDARDS OF SERVICE

1. Processing Applications:

It is the responsibility of the licence holder to be aware of the expiry date of their licences and to ensure that all necessary paperwork is sent to us in good time for the renewal process. We will send a reminder (5 weeks before) to the applicant when a licence is due for renewal.

We require the return of all completed paperwork and the fee with at least 14 days' notice. If these timescales are followed, we guarantee the new licence will be processed before the expiry date of your old licence. If we do not receive the paperwork within this time frame, we cannot guarantee the licence being ready in time. You will be unable to work if your licence has expired.

2. Plating:

Plating of Hackney Carriage and Private Hire vehicles will take place on Friday mornings between 10:00 and 12:00. Paperwork for replacement plates must be with us by midday on Monday to guarantee your vehicle being included on a Friday of that same week.

In circumstances where companies who supply temporary replacement vehicles cannot always make it on Fridays separate arrangements will be made to plate the temporary vehicle.

3. General level of service:

Whenever you contact us, you can expect to be treated with courtesy and consideration, and to have your confidentiality respected.

We will endeavour to:

- Answer your telephone call within 6 rings during normal office hours. If we are unable to deal with your query directly, we will put you in touch with someone who can.
- Return your voicemail messages by the end of the next working day and, if necessary, follow up with a full answer to your enquiry within 10 working days.
- Action 95% of all service requests within 5 working days.
- Reply to your letter within 10 working days or acknowledge your letter within 3 working days explaining why more time is needed.
- Acknowledge e-mails by the end of the next working day and respond in full within 10 working days.

4. Enforcement

The Environmental Health Enforcement Concordat endeavours to ensure the safety and well-being of residents & visitors when using Hackney Carriages and Private Hire vehicles that have been licensed by Mid Sussex District Council.

The Licensing Team undertake spot checks throughout the district, often in conjunction with the Police & Vehicle Inspectorate.

These checks could lead to the suspension of licences due to serious breaches of licensing conditions and offences under Road Traffic Statutes.

5. Applications

To apply for a Hackney or Private Hire Licence, we supply a driver application pack. All forms included in the pack are available to print off on our website at: www.midsussex.gov.uk

or

you can contact our Customer Contact Centre on 01444 477335 to request that a pack be sent to you.

6. Complaints

Complaints about the conduct or behaviour of Private Hire Operator/ Licensed Driver or condition of a Hackney Carriage or Private Hire Vehicle licensed by Mid Sussex District Council, should be made in writing.

Details of the incident, including time and date, and the vehicle or driver's details can be submitted using MSDC's complaints eform, post or email.

Disciplinary matters arising from complaints will be put before the Licensing Committee to determine sanctions.
